They were in receipt of the Teston Road Landowners Group proposed plan for the land on the south side of Teston Road in the vicinity of Jane Street in Vaughan and they were in attendance at the Public Meeting of the Committee of the Whole on Wednesday, November 1, 2023 at 7pm.

It is their desire to express their concerns of the high density of homes being proposed in this small land space and the traffic, population density, and lack of infrastructure in the area to support the proposed plan and the number of residents and cars that will accompany this build if it proceeds as presented.

They would also like to ensure that they are notified of any future meetings and decisions regarding this matter.

Thanks in advance,
