AMENDMENT NUMBER 133
TO THE VAUGHAN OFFICIAL PLAN 2010
OF THE VAUGHAN PLANNING AREA

The following text and Schedules “1” and “2” constitute Amendment Number 133 to the Official Plan of the Vaughan Planning Area.

Also attached hereto but not constituting part of the Amendment are Appendices “I” and “II”.

DRAFT

I PURPOSE

The purpose of this Amendment to the Vaughan Official Plan 2010 ('VOP 2010') is to amend the provisions of the Official Plan of the Vaughan Planning Area, specifically, Volume 2, Section 11.4 Highway 400 North Employment Lands Secondary Plan Policies (the 'Amendment') on the Subject Lands.

This Amendment will facilitate the following with respect to the Subject Lands identified as, "Lands Subject to Amendment No. 133" on Schedule "1" attached hereto:

1. Redesignate a portion of the Subject Lands fronting Weston Road from "Low Rise Residential" to "Mid Rise Residential",
2. Permit a maximum number of seven attached residential units in a townhouse row.

II LOCATION

The lands subject to this Amendment, hereinafter referred to as the "Subject Lands", are municipally known as 11211 Weston Road, located south of Kirby Road, on the east side of Weston Road, being Part of Lots 28 and 29, Concession 5, City of Vaughan, as shown on Schedule "1" attached hereto as "Area Subject to Amendment No. 133."

III BASIS

The decision to amend VOP 2010 is based on the following considerations:

1. The Provincial Planning Statement, 2024 ('PPS') provides policy direction on matters of provincial interest related to land use planning and development. The PPS is applied Province-wide and provides direction for appropriate development while ensuring that public health and safety, and the quality of the natural and built environments are protected. In accordance with Section 3(5) of the Planning Act, all land use decisions in Ontario "shall be consistent with" the PPS. The PPS promotes

efficient, cost-effective development and land use patterns that are based on densities which:

- a) Efficiently use land, resources, infrastructure, and public service facilities
- b) Are appropriate for, and efficiently use, infrastructure and public service facilities which are planned or available, and avoid the need for their unjustified and/or uneconomical expansion; and
- c) Promotes environmental health by protecting the long-term ecological function of natural heritage features and areas

In consideration of the above, the Amendment is consistent with the PPS.

2. The Greenbelt Plan, 2017 (the 'Greenbelt Plan') is intended to identify where urbanization should not occur, to provide permanent protection to the agricultural land base, together with the ecological and hydrological features, areas and functions occurring on this landscape. Portions of the Subject Lands are identified as Protected Countryside and Natural Heritage System within the Greenbelt Plan. The Master Environmental Servicing Plan identified the following within the Block 34 W area: valley lands, permanent and intermittent streams, woodlands and wetlands, seepage areas and springs, fish habitat and potential significant wildlife habitat associated with the East Purpleville Creek. The residential blocks are proposed outside of the Greenbelt Plan area. The open space block, where no development is proposed, is within the Greenbelt Plan. On this basis, the Development conforms to the Greenbelt Plan.
3. The York Region Official Plan 2022 ('YROP 2022') guides economic, environmental, and community building decisions across York Region. The YROP 2022 designates the Subject Lands as "Urban Area" and "Regional Greenlands System" on Map 1 - Regional Structure. The Regional Greenlands System corresponds with the Greenbelt Plan area. The Urban Area designation permits a range of residential, commercial, employment and institutional uses, subject to additional policy criteria. The Amendment supports the YROP 2022 policies to provide for a more dense and more intense development on a parcel of land to accommodate future population growth.

The Development is characteristic of a more compact development pattern that will contribute to the wider area developing into a complete community.

4. The Vaughan Official Plan ('VOP 2010') is intended to guide planning for intensification, transit-supportive development, urban growth and complete communities in the City of Vaughan. The Subject Lands are designated "Low Rise Residential" and "Greenbelt Natural System Area" in Volume 2, 11.4 – Highway 400 North Employment Lands Secondary Plan, Schedule 2D in VOP 2010.

The proposed development is part of the comprehensive development of the residential uses within Block 34 West. The proposed development will provide for a diversity of unit types and sizes which will support the overall diversification of housing options and densities in Block 34 West. VOP 2010 also encourages the public ownership of major open spaces and natural features. The open space block containing the natural heritage features and the appropriate vegetation protection zones will be conveyed to the City to contribute to the completion of the publicly owned natural heritage network within this area. In consideration of the above, the proposed amendments are appropriate and supported by the policies of VOP 2010.

5. The statutory Public Meeting was held on February 28, 2023. The recommendation of the Committee of the Whole to receive the Public Meeting report of February 28, 2023, and to forward a comprehensive report to a future Committee of the Whole meeting, was ratified by Vaughan Council on March 21, 2023.
