SENT BY E-MAIL: Christine.Vigneault@vaughan.ca

Ms. Christine Vigneault, Secretary Treasurer
Committee of Adjustment, City of Vaughan
2141 Major Mackenzie Drive
Vaughan, Ontario L6A 1T1

Dear Ms. Vigneault:

**Re: Consent Application B013/24
Minor Variance Application A202/24
5445 Kirby Road
Part of Lot 30, Concession 8
City of Vaughan, Regional Municipality of York
Owner: Kirby Road Development Inc.**

This letter acknowledges receipt of the above-noted application circulated by the City of Vaughan. The materials were received by the Toronto and Region Conservation Authority (TRCA) on March 10, 2025. TRCA staff have reviewed the application and offer the following comments for the consideration of the Committee of Adjustment.

Purpose of the Applications

B013/24

It is our understanding that the purpose of the above noted application is to request the consent of the Committee of Adjustment to sever an approximately 0.04 hectare parcel of land, resulting in approximately 3.251 hectare retained parcel of land. The severed parcel, described as Part 6 on the Consent Sketch, will merge with existing residential Lot 3. The purpose of the retained parcel is a nine-lot residential subdivision and open space block.

A202/24

It is our understanding that the purpose of the above Minor Variance Application is to request the following variance under By-law 001-2024, as amended:

- To permit a minimum lot area of 3.25 ha for the retained lands.

It is the understanding of TRCA staff that the noted variance is required to facilitate the severance of the total lands.

Conservation Authorities Act

A portion of the subject property (5445 Kirby Road, Vaughan) is within TRCA's Regulated Area as there is a provincially significant wetland and stream corridor associated with the Humber River Watershed that traverses the southern portion of the site. There is also a provincially significant wetland on the northern portion of the site. Any development or site alteration within TRCA's Regulated Area will require a permit pursuant to Section 28 of the Conservation Authorities Act.

Application-Specific Comments

TRCA has been involved in the review of Draft Plan Subdivision Application 19T-16V007, Zoning By-law Amendment Z.16.032, and the revised Draft Plan Approved Subdivision 19T-16V007 for the subject property.

The severed lands, described as Part 6 on the Consent Sketch, were previously required to access a stormwater management pond on the adjacent property. For reference, Part 6 on the Consent Sketch can also be identified as Block 20 on the Draft Plan Approved Subdivision 19T-16V007. The applicant has determined that Part 6 is no longer required for access, therefore the above applications have been submitted to merge the severed parcel with existing residential Lot 3.

The proposed severed lot is sufficiently setback from the adjacent provincially significant wetland and is outside of TRCA's Regulated Area. As such, TRCA staff are satisfied that the consent and minor variance applications will have no impact to the regulated features.

Fees

By copy of this letter, the applicant is advised that TRCA has implemented a fee schedule for our planning application review services. This application is subject to a \$1,590 (Consent/Severance/Land Division - Minor) review fee. The applicant is responsible for fee payment and should forward the application fee to this office as soon as possible.

Recommendations

Based on the comments noted above, TRCA has **no objection** to the approval of Consent Application B013/24 and Minor Variance Application A202/24, subject to the following conditions:

1. That the applicant provides the required fee amount of \$1,590 payable to the Toronto and Region Conservation Authority.

We trust these comments are of assistance. Should you have any questions, please contact me at 437-880-1925 or at cameron.mcdonald@trca.ca

Cameron McDonald

Re: **5445 Kirby Road - Draft Plan of Subdivision 19T-16V007
Consent Application - Response to Planning Justification Report**

We are the project management consultants for Kirby Road Developments Inc., owner of the above captioned lands, located within Block 55, with registered lots off of First Nations Trail (the "subject site").

The owner would like to repurpose Block 13 within the approved draft plan of subdivision by severing this land and joining it to Lot 3 on registered plan 65M-4778. Block 13 was intended to support a planned Stormwater Management Pond on the adjacent lands. Through the course of detailed design, this block was deemed in excess to the Stormwater Management Pond requirements. The proposal to join this land to Lot 3 will create a more usable rear yard for a future resident.

Site Context:

The following describes the adjacent and surrounding physical characteristics and land uses:

North: Immediately to the north is the owner's property and low-density residential area.

East: Immediately to the east is another proposed residential development and proposed Stormwater Management Pond.

South: Immediately to the south is a residential neighbourhood which services lots 1 to 3 on registered plan 65M-4778.

West: Immediately to the west there is a rural residential subdivision.

Background:

A Notice of Final Approval for Draft Plan of Subdivision 19T-16V007 was issued by the City of Vaughan on January 21, 2020. In addition, the southern portion of the plan was registered as 65M-4778 on April 24, 2023, also known as "Phase 1".

12670 Bathurst St. King City, ON L7B 1K5 - Phone: 647-468-1783

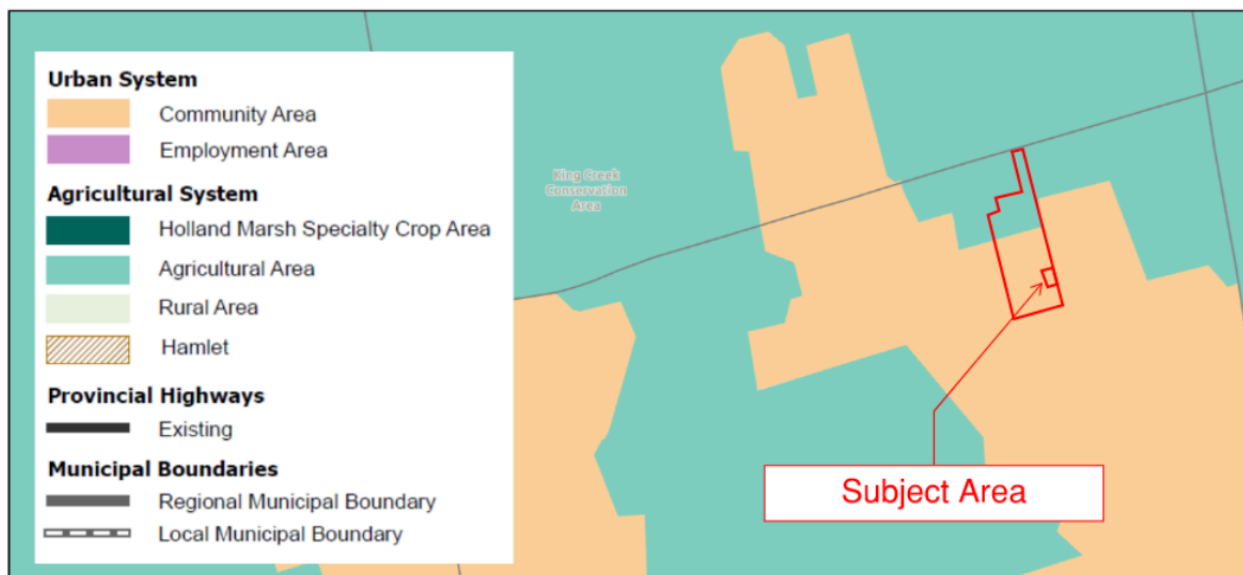

This proposal was referenced in the PAC meeting (PAC.24.020) on April 29, 2024 as it relates to the northern lands on the same property, also known as “Phase 2”.

We have received confirmation from Block 55 Group Engineer (SCS Consulting Group Ltd) that Part 1 on the draft reference plan, prepared by JD Barnes (previously known as Block 13 within the approved draft plan of subdivision) is no longer needed as a stormwater management block. The original intent of the subject lands was to be part of the pond access road. The design has subsequently been revised to eliminate this need and self-contain the access road in the adjacent property. In addition, the City’s Development Engineering has confirmed that Part 1 is not required for the access road since Stormwater Management Pond 1 on (19T-17V002) can be commissioned and will not impede the issuance of building permits for the adjacent development lands. Correspondence from SCS Consulting Group and the City’s Development Engineering has been attached.

Applicable Land Use Planning Policies:

York Region Official Plan (2022) and the City of Vaughan’s Official Plan (2010):

The proposed block complies with York Region Official Plan (2022) and the City of Vaughan’s Official Plan (2010), designed as a “Community Area” and “Urban Area”, respectively.

(Source: York Region Official Plan, 2022)*

Figure 2: Schedule 1A - Urban Areas (Source: City of Vaughan Official Plan, Dec 2020)

Vaughan Zoning By-law 1-88 and 1-21:

The subject property is zoned as “Open Space 1” (OS1) within the City of Vaughan Zoning By-law 1-88, and “Environmental Protection Zone” (EP) within the City of Vaughan Zoning By-law 1-21, respectively. This zoning does not impact the proposed building envelope of Lot 3 and respective RD2 and R2A zoning.

Conclusion:

In our opinion, this consent application will create a more usable residential rear yard when combined with Lot 3 of 65M-4778. The proposal conforms to the land use designations contained in the York Region Official Plan and the City of Vaughan Official Plan. It would improve the lot configuration and better confirm with lots in the surrounding area. There are no conflicts with the existing surrounding land uses, specifically the Stormwater Management Pond located on the adjacent development lands.
