RECOMMENDED CONDITIONS OF APPROVAL SUMMARY		
Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:		
#	DEPARTMENT / AGENCY	CONDITION
1	Development Planning Alyssa.pangilinan@vaughan.ca	TBD
2	Development Engineering jonal.hall@vaughan.ca	TBD
3	Parks, Forestry and Horticulture Operations kari.sthyrhansen@vaughan.ca	The Applicant/owner shall obtain a “Private Property Tree Removal & Protection Permit - Construction or Infill” through the forestry division prior to any construction works on the subject property.
<i>All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.</i>		

IMPORTANT INFORMATION
CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.
APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision. An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval. A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law. Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application. Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.
DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment. That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City’s Development Charges By-law in effect at the time of payment. That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City’s

IMPORTANT INFORMATION	
Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.	
NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will not receive notice.

- ☒ We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

Re: MINOR VARIANCE APPLICATION – Request for Relief of Maximum Lot Coverage
185 Parr Place, Thornhill, Ontario

Good day,

Please find enclosed our formal submission for a Minor Variance Application for the above-mentioned property, requesting relief from the maximum lot coverage requirements as stipulated in Exception 496, to conform with the City of Vaughan Zoning By-law in Zone R1D at 35%.

Due to the coverage of the existing dwelling, the proposed development of accessory structures slightly exceeds the permitted lot coverage, while falling within the coverage limits of the Zone R1D. The variance requested is minor in nature and maintains the general intent and purpose of the Zoning By-law and Official Plan shall be maintained.

It is also desirable for the appropriate development of the property and does not create any adverse impacts on the surrounding properties or neighbourhood.

Please find enclosed the completed application form, authorization form, required plans, the applicable fee, and all other supporting documentation as per the City's submission requirements.

We respectfully request that the Committee of Adjustment consider this application and look forward to the opportunity to present it at an upcoming hearing. Should any further information be required, please do not hesitate to contact me directly.

Thank you for your time and consideration.

Respectfully submitted,
