SUMMARY TO BY-LAW 170-2025

The lands subject to this By-law are located on the north side of Doughton Road, east of Maplecrete Road, and are municipally known as 171 Maplecrete Road, 140 and 160 Doughton Road, and Block 2 on Registered Plan 65M-4793, in the Vaughan Metropolitan Centre (VMC), City of Vaughan.

This By-law rezones the Subject Lands from “EM2 – General Employment Zone”, “EM1 – Prestige Employment Zone” subject to site-specific exception 14.370, and “V1-S(5-30)-D(2.5-5)-1031,1123 – Vaughan Metropolitan Centre Station Zone” subject to site-specific exceptions 14.1031 and 14.1123 to “V1(H)-S(5-30)-D(2.5-8.0)-1220 – Vaughan Metropolitan Centre Station Zone” with a Holding “(H)” Symbol subject to site-specific exception 14.1220. It deletes Exceptions 14.370, 14.1130 and 1123 from the Subject Lands only, and creates new site-specific development standards to facilitate a high-rise mixed-use development consisting of 5 towers.

- a) Site-specific definitions for architectural features, building height, gross floor area, lot, front lot line, Phase 1 and Phase 2;
- b) Reduced setback requirements for portions of buildings below grade;
- c) Reduced minimum landscape requirements; and,
- d) Site-specific development standards for building setbacks, encroachments, amenity requirements, maximum number of dwelling units, minimum requirements for non-residential components, and phasing requirements.

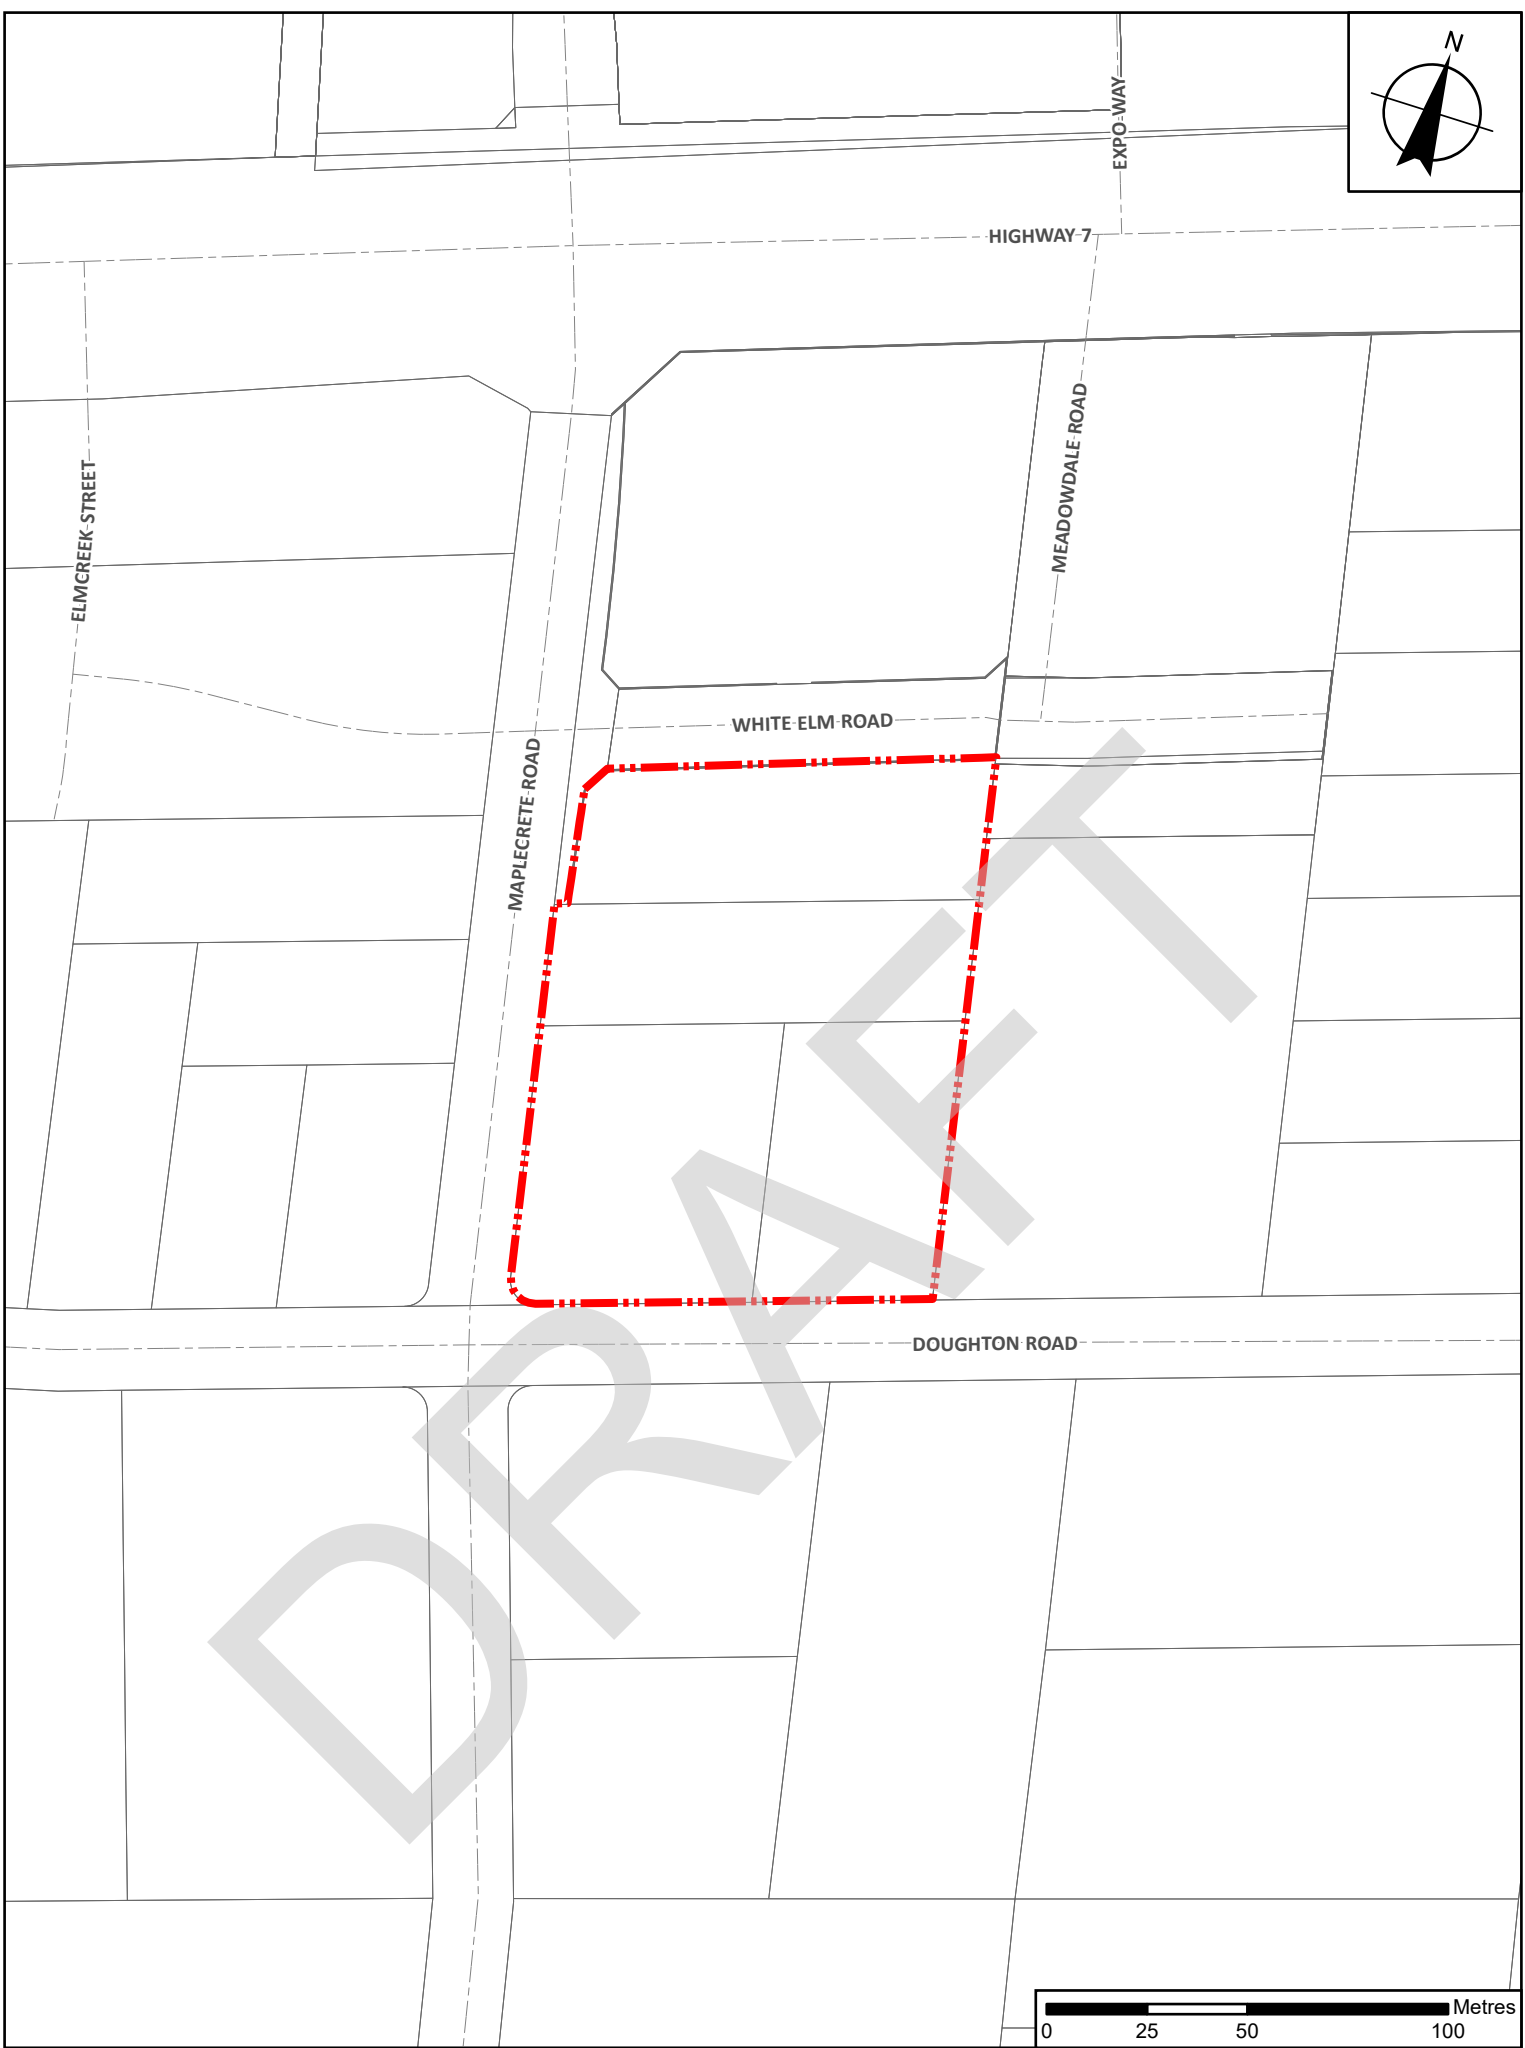

This By-law includes a Holding “(H)” Symbol on the Subject Lands. The “(H)” is permitted to be lifted in phases, and is contingent upon the following conditions being satisfied:

- a) Vaughan Council adopts a resolution allocating sewage and water capacity in accordance with the City’s approved Servicing Capacity Distribution Policy assigning capacity to the Subject Lands;
- b) The Owner shall submit to the City the following information, to the satisfaction of the Development Engineering Department:
 - i. A Remedial Action Plan (‘RAP’) which delineates the area of potential environmental concern and the areas of contamination identified, to the satisfaction of the City;
 - ii. A Record of Site Condition (‘RSC’) on the Environmental Site Registry with the Ministry of the Environment, Conservation and Parks.
 - iii. i. and ii. above shall only apply to the south portion of the Subject Lands (171 Maplecrete Road, 140 Doughton Road and 160 Doughton Road), not the north portion of the Subject Lands (Block 2 on Plan 65M-4793).
- c) The Owner shall be required to enter into an agreement on title pursuant to the Land Titles Act and/or other form of agreement with the City, to secure the tenure for a minimum of 182 rental dwelling units for a minimum of 20 years, to the City’s satisfaction. This shall be satisfied prior to issuance of above-grade building permits for “Phase 2” of the development and shall not preclude issuance of building permits for “Phase 1”.

Lands zoned with the Holding Symbol “(H)” shall be used only for a use legally existing as of the date of the enactment of this By-law and for excavation and shoring works in accordance with the City of Vaughan’s Policy and Procedures for Dealing with Contaminated or Potentially Contaminated Sites.

This By-law also amends Exception 14.1123 and associated Schedule “E-1604” that apply to the development lands to the north, by removing a portion of the Subject Lands (Block 2 on Plan 65M-4793), as this block is being merged with the development plan associated with this amendment.

This By-law shall not come into force and effect until Official Plan Amendment 137 (OPA #137) (File OP.23.002) is in full force and effect.
