INTRODUCTION	
<p>Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.</p> <p>Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan’s Zoning By-law. Accordingly, review of the application may consider the following:</p> <p>That the general intent and purpose of the by-law will be maintained. That the general intent and purpose of the official plan will be maintained. That the requested variance(s) is/are acceptable for the appropriate development of the subject lands. That the requested variance(s) is/are minor in nature.</p> <p>Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.</p>

COMMENTS:	
<p>On June 23, 2025, Development Planning issued the following comments:</p> <ul style="list-style-type: none">• <i>Staff understand that the subject property is subject to the site-specific exception 9(1480) under Zoning Bylaw 1-88, which permits a maximum lot coverage of 23% for the main dwelling and 28% inclusive of unenclosed porches (covered or uncovered) and accessory structures is permitted. Currently, 27% is being requested for the main dwelling, and 34% inclusive of the unenclosed spaces and proposed cabana. Can you please clarify if the balcony coverage was included in the 27% calculation for the main dwelling?</i>• <i>Development Planning staff will require the main dwelling to be consistent with the 23% maximum; however, we are open to amending the 28% in the site-specific exception for the unenclosed spaces and accessory structures.</i>• <i>Please see the attached comments from Env Planning and Cultural Heritage for your information.</i> <p><i>Please send the revised plans to cofa@vaughan.ca. In your email, include a summary of the changes for staff to review. This information will help scope the zoning review of your revised submission, which in turn can speed up the processing time.</i></p> <p>On June 24, 2025, the applicant confirmed that they want to proceed to the July 10 hearing and provided further details about the lot coverage breakdown:</p> <p><i>Proposed 27% coverage is just for the main dwelling. Porches, Rear Deck / Balcony & Cabana are part of the proposed 34% coverage for minor variance.</i></p> <p>On June 24, 2025, Committee of Adjustment staff recommended the applicant adjourn the application based on the comments provided by the Development Planning Department. The applicant was advised that rescheduling the application after the issuance of public notice will require an adjournment fee.</p>

<p>The proposed work by the Owner/Applicant is increasing the lot coverage on the subject property. The added hardscape may have impacts on the City's Storm Water management system. Development Engineering strongly encourages the Owner / Applicant introduce Low-Impact Development (LID) measures (e.g., bioswales, permeable pavers, rain gardens, rain barrels etc.) to reduce the impacts to the stormwater system. Should further information be required, please contact the Development Engineering COA reviewer.</p> <p>The Owner / Applicant shall ensure that the proposed (fill in proposed development) does not negatively impact neighbours due to surface water runoff. The property should be properly graded, ensuring that surface water from the (fill in proposed development) does not go onto adjacent lots in accordance with the City's Engineering Standards. It's important to note that (fill in proposed development based on Section 2.2.1 - Table 1.0) necessitates a Grading Permit. Once the Grading Permit is obtained, please reach out to the Development Engineering Reviewer to clear the Condition imposed on this application.</p>	
Development Engineering Recommended Conditions of Approval:	<p>The Owner/Applicant shall submit an application for a Service Connection and obtain a Cost Estimate by emailing serviceconnections@vaughan.ca. The Final Lot Grading and/or Servicing Plan will be required for the Service Connection Application. All costs associated with the service connection shall be the responsibility of the Owner/Applicant.</p> <p>Please visit the Service Connection page of the City of Vaughan's website: https://www.vaughan.ca/about-city-vaughan/departments/development-engineering/service-connections for more information. The Owner/Applicant is encouraged to initiate the process as early as possible as the Service Connection Application process typically takes 4-6 weeks.</p> <p>If Applicant is not able to pay for the service connection fee prior to Service Connection expiration date, a Letter of Undertaking shall be provided to ensure the necessary arrangements are made. Refer to Appendix F for a copy of Letter of Undertaking template.</p>

<i>All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval "if required". If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.</i>		

IMPORTANT INFORMATION
<p>CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.</p>
<p>APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.</p> <p>An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.</p> <p>A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.</p> <p>Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.</p> <p>Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.</p>

IMPORTANT INFORMATION	
DEVELOPMENT CHARGES:	That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.
	That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.
	That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment
	That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.
NOTICE OF DECISION:	If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will not receive notice.

COMMENTS:

- ☐ We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- ☒ We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

1	A maximum lot coverage of 23% for the main dwelling and 28% inclusive of unenclosed porches (covered or uncovered) and accessory structures is permitted. [Exception 9(1480), 1, cii]	To permit a maximum lot coverage of 27% for the main dwelling and 34% inclusive of unenclosed porches (covered or uncovered) and accessory structures (cabana).
2	A minimum setback of 7.5 m is required from the rear lot line to an accessory structure (cabana). [4.1.1 c]	To permit a minimum setback of 1.8 m from the rear lot line to an accessory structure (cabana).

Staff Comments:

Stop Work Order(s) and Order(s) to Comply:

There are no outstanding Orders on file.

Building Permit(s) Issued:

Building permits are required for the proposed dwelling and cabana. Contact the Building Standards Department at (905) 832-8510 for assistance.

A permit is required for the proposed swimming pool and must be obtained from the Development Engineering Department.

Other Comments:

Zoning By-law 1-88	
1	This application has been determined to be transitioned in accordance with Section 1.6.2.6 of Zoning Bylaw 001-2021 and is therefore subject to Zoning Bylaw 1-88 only.
2	Proposed building height of 9.14 m, as shown on the Front Elevation drawing, has been considered for this minor variance review. The Agent confirms that the final building height of the dwelling will be determined once the grading engineer provide grade information. If the height exceeds the maximum permitted building height of 10.5 m, an additional variance will be required.

General Comments	
1	The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit.
2	The subject lands may be subject to Ontario Regulation 166/06 (TRCA - Toronto and Region Conservation Authority).

3	The Agent has confirmed that no retaining walls are proposed at the landscape steps in both interior side yards.
4	The Agent has confirmed that the pool equipment will be located in the cabana.

Conditions of Approval:

If the committee finds merit in the application, the following conditions of approval are recommended.

None

Dear Christine:

**Re: Minor Variance Application A073/25
Lot 2, Registered Plan 65M4742
6 Peter Morse Way
City of Vaughan, Regional Municipality of York
Applicant: Christian Zanetti**

This letter acknowledges receipt of the above-noted application circulated by the City of Vaughan. The materials were received by Toronto and Region Conservation Authority (TRCA) on June 4, 2025. TRCA staff have reviewed the application and offer the following comments for the consideration of the Committee of Adjustment.

Purpose of the Application

It is our understanding that the purpose of the above noted application is to request the following variance under By-law 001-2021, as amended:

By-Law 001-2021:

- To permit a maximum lot coverage of **27%** for the main dwelling and **34%** inclusive of unenclosed porches (covered or uncovered) and accessory structures (cabana); and,
- To permit a minimum setback of **1.8 m** from the rear lot line to an accessory structure (cabana).

The noted variances are being requested to facilitate the construction of a two-storey dwelling with a covered balcony, in-ground pool, cabana, and associated hard landscaping and grading in the rear yard.

Conservation Authorities Act – Section 28

A portion of the rear yard is within TRCA's Regulated Area due to a Regional Storm floodplain associated with the Don River Watershed. As such, a TRCA permit pursuant to Section 28 of

the Conservation Authorities Act is required for any development and site alteration within TRCA's Regulated Area. Further details regarding TRCA's permitting requirements have been provided in Appendix 'A' for the proponent's reference.

Application-Specific Comments

The subject property and proposed development are partially within TRCA's Regulated Area due to a Regional Storm flood plain to the north portion of the subject lands. Any development (e.g., construction of structures, fill placement, grading, hardscaping) within TRCA's Regulated Area requires a permit from TRCA, pursuant to Section 28 of the Conservation Authorities Act and Ontario Regulation 41/24. For our permit to be issued, the proposed development must satisfy our Living City Policies.

A list of materials required to initiate the permit application process are included in Appendix 'A'. Please reach out to the undersigned to initiate the permit application process.

Fees

By copy of this letter, the applicant is advised that the TRCA has implemented a fee schedule for our planning application review services. This application is subject to a \$660.00 (Minor Variance – Residential – Minor) review fee. The applicant is responsible for fee payment and should forward the application fee to this office as soon as possible.

Recommendations

Based on the comments noted above, TRCA has **no objection** to the approval of Minor Variance Application A073/25 subject to the following conditions:

1. That the applicant provides the required fee amount of \$660.00 payable to the Toronto and Region Conservation Authority.
2. That the applicant obtains a permit for the proposed works pursuant to Conservation Authorities Act - Section 28.

We trust these comments are of assistance. Should you have any questions, please contact Cameron McDonald, Planner I at 437-880-1925 or at cameron.mcdonald@trca.ca.

Sincerely,

Cameron McDonald

Appendix 'A': TRCA Permit Application Requirements

To initiate the permit review process, the following materials must be provided to TRCA. Please be advised that the list below is exhaustive. Revisions to your permit checklist may be considered following a technical review of your application.

1. Complete Permit Application pursuant to Section 28.1 of the Conservation Authorities Act. The application can be downloaded from the following website: <https://trcaca.s3.ca-central-1.amazonaws.com/app/uploads/2024/05/13102126/FA-TRCA-Development-Permit-Application-Form-UPDATED-May8-2024.pdf>
2. A digital copy of the following finalized plans/drawings are required:
 - **Site Plan** showing the location and dimension of all proposed works;
 - Please identify the location of the Regional Storm flood plain on all drawings / plans. Please reach out to the undersigned for additional information on this feature.
 - **Architectural / Elevation Drawings**;
 - Please demonstrate that the proposed cabana is sufficiently setback or flood proofed to the Regional Storm flood plain elevation.
 - **Grading Plan**, if no grading is proposed, please add a note to the plan indicating the same;
 - **Topographic Survey**, identifying the entire subject property;
 - Please delineate the Regional Storm flood plain and associated setbacks. Please reach out to the undersigned for additional information on this feature.
 - **Engineering Letter**, demonstrating that the proposed cabana can withstand the depths and velocities of the Regional Storm flood plain (if applicable).
 - **Erosion and Sediment Control Plan**;
 - Please provide an erosion and sediment control plan in accordance with the TRCA ESC guidelines.
 - Please ensure all TRCA standard ESC notes have been included as well as all relevant details. The guidelines can be accessed at Link 1 and the TRCA standard ESC notes can be found at Link 2.
