RECOMMENDED CONDITIONS OF APPROVAL SUMMARY		
Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:		
#	DEPARTMENT / AGENCY	CONDITION
1	Parks, Forestry and Horticulture Operations <a href="mailto:zachary.quizzetti@vaughan.ca">zachary.quizzetti@vaughan.ca</a>	Tree protection is required for front city boulevard tree.
<i>All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.</i>		

IMPORTANT INFORMATION
<b>CONDITIONS:</b> It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency ( <b>see condition chart above for contact</b> ). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.
<b>APPROVALS:</b> Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.
An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.
A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.
Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.
Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.
<b>DEVELOPMENT CHARGES:</b> That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

IMPORTANT INFORMATION
<p>That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.</p>
<p>That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment</p>
<p>That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.</p>
<p><b>NOTICE OF DECISION:</b> If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will <b>not</b> receive notice.</p>

| <input type="checkbox"/>            | We have reviewed the proposed Variance Application and have the following concerns (attached below).   |

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

**Proposed Variance(s):**

1. To permit a porch, including access stairs from grade, to encroach a maximum of **4.39 m** into the rear yard.

**By-Law 001-2021 Requirement(s):**

1. A porch, including access stairs from grade, is permitted to encroach a maximum of **2.0 m** into the rear yard.

**Official Plan:**

Vaughan Official Plan 2010 ('VOP 2010'): "Low Rise Residential".

**Comments:**

The Owners are seeking relief to permit a covered patio in the rear yard with the above noted variance.

The Development and Parks Planning Department has no objections to Variance 1 to permit an increased encroachment into the rear yard to accommodate the proposed covered patio. The proposed covered patio has a flat roof, spans the entire width of the dwelling, and is compliant with maximum height and lot coverage requirements. The proposed covered patio is supported by columns and is unenclosed on three sides. The north side of the proposed covered patio features a partial wall with an approximate width of 1.93 m. The proposed patio is not anticipated to incur any negative massing impacts on neighbouring properties.

Accordingly, the Development and Parks Planning Department supports the requested variance and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

**Recommendation:**

The Development and Parks Planning Department recommends approval of the application.

**Conditions of Approval:**

If the Committee finds merit in the application, the following conditions of approval are recommended:

None

Hello,

Based on a review of our screening mapping, I can confirm that the subject property is not located within TRCA's Regulated Area. As such, any site alteration or development on the property would not require a permit from the TRCA.

Based on the above, we have no comments/requirements.
