RECOMMENDED CONDITIONS OF APPROVAL SUMMARY		
Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:		
#	DEPARTMENT / AGENCY	CONDITION
1	Parks, Forestry and Horticulture Operations Kari.sthyrhansen@vaughan.ca	The Applicant/owner shall obtain a “Private Property Tree Protection Permit - Construction or Infill” for the 32cm dbh city owned Honeylocust through the forestry division prior to any construction works on the subject property.
<i>All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.</i>		

IMPORTANT INFORMATION		
CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.		
APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision.		
An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.		
A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law.		
Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application.		
Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.		
DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.		

IMPORTANT INFORMATION
<p>That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.</p> <p>That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment</p> <p>That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.</p>
<p>NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will not receive notice.</p>

COMMENTS:

- ☐ We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- ☒ We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

Zoning Classification:

The subject lands are zoned R3A(EN) – 3rd Density Residential Zone (Established Neighbourhood) and subject to the provisions of Exception 14.729 under Zoning By-law 001-2021, as amended.

#	Zoning By-law 001-2021	Variance requested
1	The minimum setback of an outdoor swimming pool to any lot line shall be 1.5m . Section 4.21 3	To permit a minimum setback of 1.2m from the outdoor swimming pool to the rear lot line.
2	The minimum setback of an outdoor swimming pool to any lot line shall be 1.5m . Section 4.21 3	To permit a minimum setback of 1.2m from the outdoor swimming pool to the interior side lot line.
3	A minimum distance of 0.6 m shall be required from any permitted encroachment to the nearest lot line. Section 4.13 3	To permit a minimum distance of 0.30m from the interior side lot line to the pool equipment.

Staff Comments:

Stop Work Order(s) and Order(s) to Comply:

There are no outstanding Orders on file

Building Permit(s) Issued:

A Building Permit has not been issued. The Ontario Building Code requires a building permit for structures that exceed 10m²

Other Comments:

General Comments	
1	The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

Conditions of Approval:

If the committee finds merit in the application, the following conditions of approval are recommended.

* Comments are based on the review of documentation supplied with this application.

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development and Parks Planning

Date: July 18, 2025

Name of Owners: Joshua Chitiz, Stacey Chitiz

Location: 60 Morisot Avenue

File No.(s): A082/25

Proposed Variance(s):

1. To permit a minimum setback of **1.2 m** from the outdoor swimming pool to the rear lot line.
2. To permit a minimum setback of **1.2 m** from the outdoor swimming pool to the interior side lot line.
3. To permit a minimum distance of **0.30 m** from the interior side lot line to the pool equipment.

By-Law 001-2021 Requirement(s):

1. The minimum setback of an outdoor swimming pool to any lot line shall be **1.5 m**.
2. The minimum setback of an outdoor swimming pool to any lot line shall be **1.5 m**.
3. A minimum distance of **0.6 m** shall be required from any permitted encroachment to the nearest lot line.

Official Plan:

Vaughan Official Plan 2010 ('VOP 2010'): "Low Rise Residential".

Comments:

The Owners are seeking relief to permit an outdoor swimming pool in the rear yard and a pool equipment pad in the eastern interior side yard with the above noted variance.

The Development and Parks Planning Department has no objections to Variances 1 and 2 to reduce the minimum required rear and eastern side setbacks to the proposed swimming pool. The proposed setbacks of 1.2 m from both lot lines are sufficient for access and maintenance. A 1.82 m-tall wood fence exists along the rear and side lot lines to provide privacy screening.

The Development and Parks Planning Department has no objections to Variance 3 to permit an increased encroachment of the proposed pool equipment pad to the eastern interior side lot line. The proposed pool equipment pad has a 0.3 m setback from the side lot line. A 1.82 m-tall wood fence exists along the eastern lot line to provide visual and noise screening for the pool equipment. Additional access between the front and rear yards can still be provided through the western interior side yard.

Accordingly, the Development and Parks Planning Department supports the requested variance and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development and Parks Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

None

Hello,

Based on a review of our screening mapping, I can confirm that the subject property is not located within TRCA's Regulated Area. As such, any site alteration or development on the property would not require a permit from the TRCA.

Based on the above, we have no comments/requirements.
