C1.
Communication
CW(2) – February 10, 2026
Item No. 7

DATE: February 4, 2026
TO: Mayor and Members of Council
FROM: Vince Musacchio, Deputy City Manager, Planning and Infrastructure Development
RE: **COMMUNICATION – Committee of the Whole (2), February 10, 2026**
Item #7, Report #10

**PROPOSED DESIGNATION OF 5800 KING-VAUGHAN RD. UNDER
PART IV OF THE ONTARIO HERITAGE ACT
(TRANSMITTAL REPORT)**

Recommendation

1. That Attachment 1 – Location Map, of the Heritage Vaughan Committee Report of the Deputy City Manager, Planning and Infrastructure Development, dated January 28, 2026 be deleted and replaced with Attachment 1 to this communication.

Background

On January 28, 2026, the Heritage Vaughan Committee amended recommendation 1 to read:

“That the original Georgian house located at 5800 King-Vaughan Road, be designated in accordance with Part IV, Section 29 of the Ontario Heritage Act R.S.O. 1990, c. O.18., and that Attachment 1 be amended accordingly;”

As requested, Attachment 1 is amended to reflect the above recommendation with clear demarcation of the original Georgian house.

For more information, contact Shahrzad Davoudi-Strike, Senior Manager of Urban Design and Cultural Heritage, ext. 8653

Respectfully submitted by

A handwritten signature in blue ink, appearing to read "V. Musacchio".

Vince Musacchio
Deputy City Manager, Planning and Infrastructure Development

Item No. 3

CLIMATE ACTION IS GOOD FOR THE BUSINESS COMMUNITY

- **Climate leadership is a competitive advantage.**
- Canadians are demanding climate action and see nature as one of Canada's greatest economic strengths.
- **Businesses are motivated to adopt strong sustainability mandates:**
 - Consumer expectations
 - Employee engagement
 - Community leadership
- Businesses seek transparent, trusted, and tangible programs to demonstrate their commitment to climate action.

ABOUT CANADA'S FOREST TRUST CORPORATION (CFTC)

We are the only Canadian nature-tech social enterprise focused exclusively in Canada for Canadians, offering turnkey climate action for businesses to empower employees, customers, and communities.

We partner with forward-thinking municipalities to **enhance biodiversity, capture carbon, elevate climate leadership, and drive branding and marketing for local businesses.**

Leveraging our portal technology, **we build rural and urban Smart Forests™** in Canada to protect and promote the environment.

VAUGHAN, Let's get growing!

CFTC launched a first-of-its-kind initiative to expand urban tree canopy in Ottawa in 2025. The program is expanding to include a select number of additional municipalities across Canada.

- CFTC and Vaughan collaborate to launch a marketing campaign,
- CFTC uses marketing tools and a targeted sales approach to solicit sponsorships,
- A percentage of total sponsorship revenue is directed to the City of Vaughan (on an agreed upon schedule) to support existing tree-planting initiatives,
- Vaughan gains climate leadership, access to a new source of revenue, improvement to tree canopy, and a technology hub to amplify its community storytelling around climate initiatives.

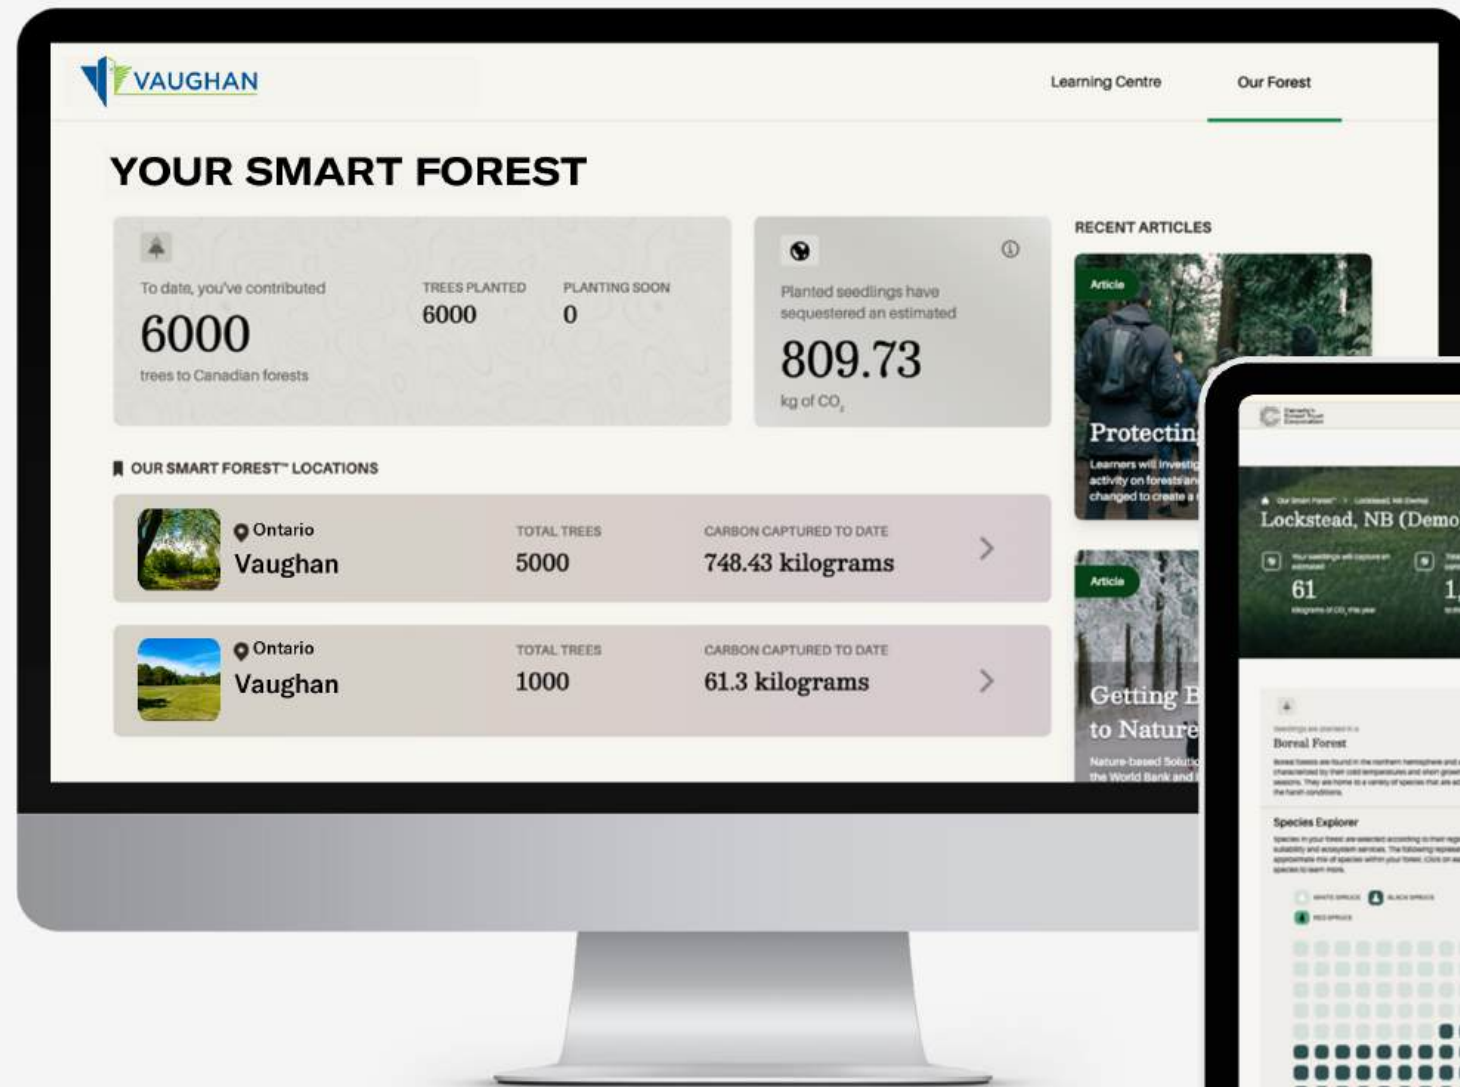

HOW DOES THE SPONSORSHIP BENEFIT VAUGHAN?

- **A municipal partnership provides a framework for businesses to access a wide range of assets:**
 - Turnkey solution to invest in Vaughan's environmental initiatives,
 - Impact technology solutions,
 - Education & climate-literacy tools,
 - Marketing & branding support for their customers
 - Youth, employee & community engagement
- Participating businesses & organizations gain access to opportunities that support local climate action initiatives and help amplify your City's commitment to the environment.

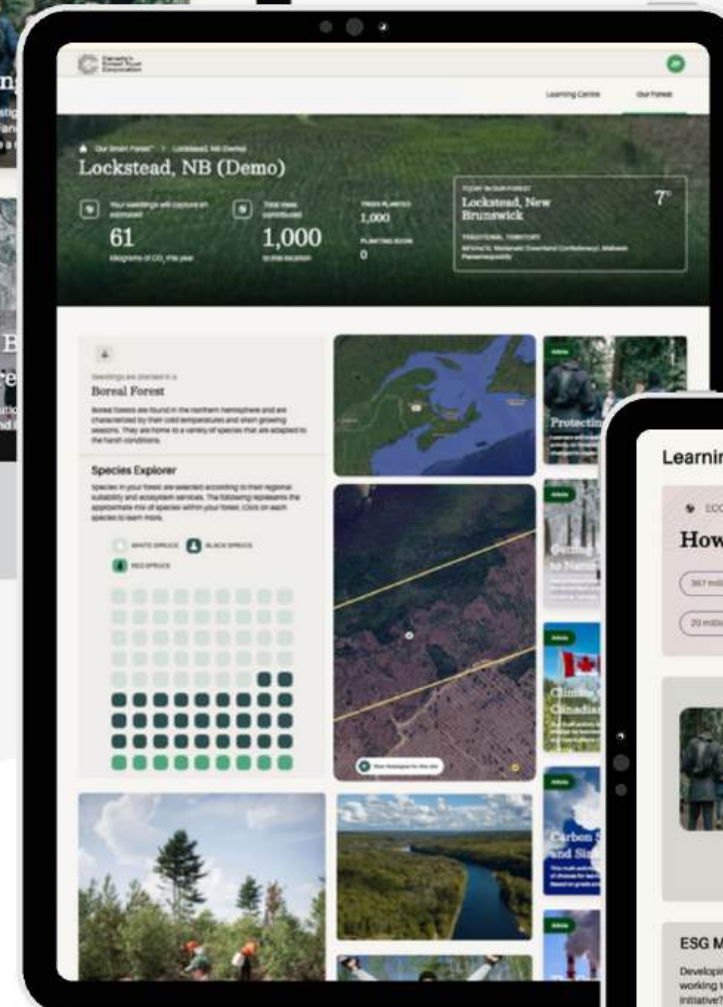

TECHNOLOGY HUB FOR BUSINESSES & THE CITY

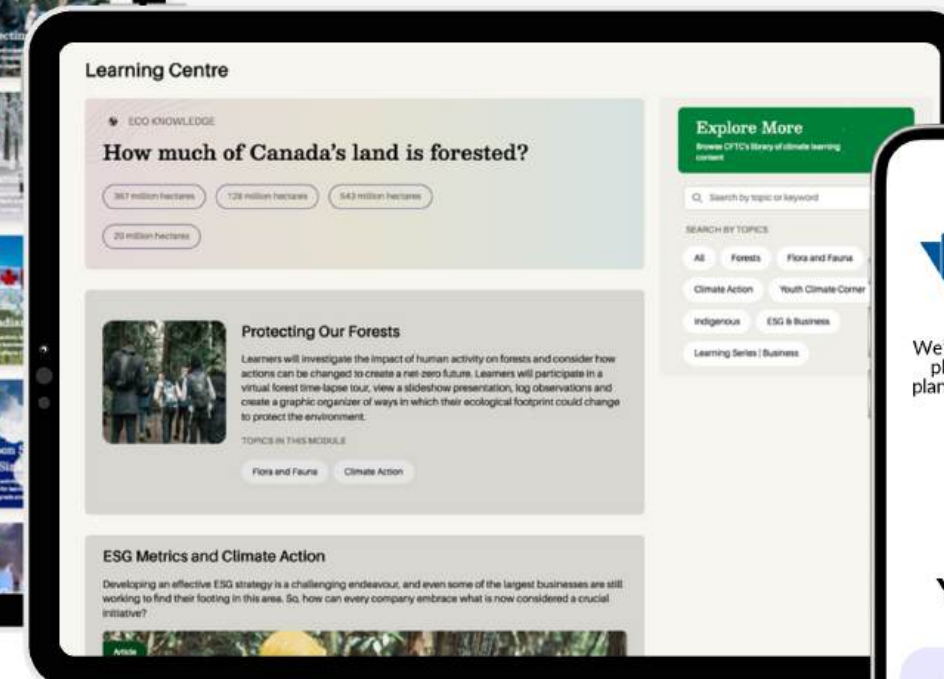

IMPACT DATA

Explore the type of species planted, type of forest, media gallery and more.
