- 1. That the applicant's solicitor provides the secretary-treasurer with a copy of the prepared draft transfer document to confirm the legal description and PIN of the subject lands. Subject land applies **only** to the severed parcel, leased land, easement etc. as conditionally approved by the Committee of Adjustment.
- 2. That the applicant provides two (2) full size copies of the deposited plan of reference of the entire land which conforms substantially with the application as submitted.
- 3. That Minor Variance Application(s) A152/19 is approved at the same time as the Consent application and becomes final and binding.
- 4. That the severed parcel be merged on title with the abutting land to the west, municipally known as 5647 Kirby Road and that the applicant's solicitor provides an undertaking in writing that this condition will be fulfilled (please obtain standard undertaking form from Committee of Adjustment staff). Please note that Subsection 50 (3) or (5) of the Planning Act, R.S.O, 1990, as amended, applies to any subsequent conveyance of or transaction involving the parcel of land that is subject of this consent.
- 5. Payment of the Certificate Fee as provided on the City of Vaughan's Committee of Adjustment Fee Schedule.

Adjournment Request: N/A

Building Standards (Zoning Review):

Stop Work Order(s) and Order(s) to Comply: There are no outstanding Orders on file.

The subject lands may be subject to Ontario Regulation 166/06 (TRCA - Toronto Region Conservation Authority). TRCA approval may be required.

The proposed consent is for the severance of a parcel of land identified as Part 1, Plan 65R-33024 on the attached schedule (submitted by the applicant) and is intended to be merged with the abutting property to the west identified as Part 4, 5 and 6, Plan 65R-33024.

Minor variance application A152/19 shall be considered with this application.

Please Note:

The subject consent shall become null and void if the parcel is not merged on title with the adjacent lands to the west identified as Parts 4, 5 and 6, 65R-33024.

Development Planning:

Vaughan Official Plan 2010 ('VOP 2010'): Natural Areas & Low-Rise Residential.

The Owner has submitted Consent Application File B034/19 to convey Part 1 on Plan 65R-33024 to the Owner of the neighbouring lot to the west (5647 Kirby Road) and to register a partial mortgage discharge. To facilitate the consent, the Owner has submitted Minor Variance Application A152/19 to permit a minimum 54.10 m lot frontage for the retained lands (5623 Kirby Road), whereas By-law 1-88 requires a minimum of 56.39 m.

The Owner is proposing to sever a 161m2 portion of the subject lands at 5623 Kirby Road (described as Part 1 on Plan 65R-33024) and merge the lands with the abutting lands to the west (5647 Kirby Road). The Owner is also requesting a partial discharge of the mortgage on the subject lands.

The purpose of the application is to abandon the existing right-of-way (mutual driveway) between the adjacent properties. Currently, both properties have direct access onto Kirby Road and the resulting minor boundary adjustment will not have adverse impacts on the lands.

On February 24, 2011, the Committee of Adjustment previously approved Consent Application File B017/10 and

Minor Variance Application A059/11 for the proposal; however, the conditions were not fulfilled and the Consent Application File B017/10 has since lapsed.

The Development Planning Department has no objection to the requested severance and is of the opinion that the proposal maintains the intent of the severance policies in VOP 2010 and the consent criteria stipulated in Section 51(24) of the *Planning Act, R.S.O. 1990, c P.13*. The Development Planning Department is also of the opinion that the requested variance for the reduced lot frontage for the retained lands is minor in nature, maintains the general intent and

purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the lands.

The Development Planning Department recommends approval of the application.

Christine Vigneault Secretary Treasurer Committee of Adjustment City of Vaughan 2141 Major Mackenzie Drive Vaughan, Ontario L6A 1T1

Dear Christine:

Re: Committee of Adjustment Consent Application B034/19 Minor Variance Application A152/19 5623 Kirby Road PLAN 65M2666 Block 10 City of Vaughan Owner: Maria Teressa Coscarella

This letter will acknowledge receipt of the above noted applications, received by TRCA on November 12, 2019. Toronto and Region Conservation Authority (TRCA) staff has reviewed the application and offers the following comments.

Background

B034/19

It is our understanding that the current application intends to facilitate the severance and conveyance of a 161.1 sq.m parcel of land from the property at 5623 Kirby Road to the adjacent property at 5647 Kirby Road. No new lot will be created as a result of the application.

A152/19

The purpose of the Minor Variance Application is to request the following:

1. To permit a minimum lot frontage of 54.10 metres, whereas a minimum lot frontage of 56.39 is required.

Applicable Policies and Regulations

Ontario Regulation 166/06

A portion of the subject property is located within TRCA's Regulated Area due to the presence of a valley corridor associated with a tributary of the Humber River. Under Ontario Regulation 166/06, development, interference or alteration may be permitted in the Regulated Area where it can be demonstrated to TRCA's satisfaction that the control of flooding, erosion, dynamic beaches, pollution, or the conservation of land will not be affected. In this regard, TRCA must be contacted prior to any works taking place in the Regulated Area.

Living City Policies

The Living City Policies for Planning and Development in the Watersheds of the Toronto and Region Conservation Authority (LCP) describes a "Natural System" made up of natural features and areas, water resources, natural hazards, potential natural cover and/or buffers. The LCP recommends that development not be permitted within the Natural System and that it be conveyed into public ownership for its long term protection and enhancement. The LCP also provides policies for developing adjacent to, and in, the Natural System (where permitted), while minimizing impacts to, maintaining, and enhancing the functions of the protected Natural System. These policies also seek to integrate the natural and built environments, maximizing opportunities for ecosystem services from across the entire landscape. It is these policies that guide TRCA's review of the subject applications, along with those found in other Provincial and municipal plans, documents, and guidelines.

Application-Specific Comments

As noted above, a portion of the subject property is located within TRCA's Regulated Area of the Humber River Watershed due the presence of a valley corridor associated with a tributary of the Humber River that traverses the western property at 5647 Kirby Road. TRCA has an interest in conserving, protecting, and enhancing all natural features and functions and discourages the fragmentation of ownership of valley corridors and/or hazard lands within its jurisdiction. The current eastern property bisects the 10 meter buffer from the valley at the northwestern corner of the site. Based on a review of the circulated materials, it is our understanding that the current proposal will result in a greater portion of the Natural System being retained in one ownership, thus meeting the intent of TRCA policies.

<u>Fees</u>

By copy of this letter, the applicant is advised that TRCA has implemented a fee schedule for our planning application review services. This application is subject to a review fee of \$580.00 (Variance Residential-Minor). The applicant is responsible for fee payment and should forward the application fee to this office as soon as possible. This fee is separate from that requested under TRCA's permitting process.

Recommendation

Based on the above noted comments, TRCA staff provide a recommendation of **conditional approval** of consent application B034/19 and variance application A152/19, subject to the following condition:

1. The applicant submits the application fee of \$580.00 payable to the Toronto and Region Conservation Authority.

I trust these comments are of assistance. Should you have any additional questions or comments, please do not hesitate to contact the undersigned.

Sincerely,

OL7 DUL
