**Zoning:** The subject lands are zoned R1 and subject to the provisions of Exception 9(563) under By-law 1-88 as amended.

**OP Designation:** Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential" and "Natural Areas"

**Related Files:** None

**Purpose:** Relief from the By-law is being requested to permit the existing cabana and pool located in the rear yard.

The following variances are being requested from By-Law 1-88, as amended, to accommodate the above proposal:

By-law Requirement	Proposal
1. The minimum interior side yard setback is 1.5 metres.	1. The proposed interior side yard setback of the accessory building to be maintained is 0.6 metres.
2. The maximum height of any accessory building or structure measured from the average finished ground level to the nearest part of the roof shall not be more than three (3) metres above finished grade.	2. The proposed height of the accessory building to be maintained to the nearest part of the roof is 3.68 metres.
3. A private swimming pool shall be constructed not nearer to any rear or interior side lot line than 1.5 metres.	3. The private swimming pool is constructed 1.0 metres from the interior side lot line at the north side.

**Background (previous applications approved by the Committee on the subject land):** N/A

Building Permit No. 17-002364 for Shed/Gazebo - New, Issue Date: (Not Yet Issued)

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

The subject lands may be subject to Ontario Regulation 166/06 (TRCA - Toronto and Region Conservation Authority).

**Building Inspections (Septic):**

No comments or concerns

**Development Planning:**

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential" & "Natural Areas"

The Owner is requesting permission to maintain an existing cabana and swimming pool located in the rear yard. The Development Planning Department has no objection to the reduced interior side yard setbacks to the existing cabana and swimming pool. Despite a height of 3.68 m from established grade to nearest part of the roof, the existing cabana is under the maximum overall height requirement of 4.5 m and is located outside of the minimum 10 m vegetation protection zone to the rear of the property.

The subject property is partially regulated by the Toronto and Region Conservation Authority ('TRCA'), who have determined that the cabana and swimming pool are outside of their Regulated Area. Accordingly, TRCA has no objection to the proposal. The Development Engineering Department has reviewed the application and have no objections.

Accordingly, the Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

**Cultural Heritage (Urban Design):**

No response.

**Development Engineering:**

The Development Engineering (DE) Department does not object to variance application A021/20 subject to the following condition(s):

The owner/applicant shall submit the final lot grading permit to the Development Inspection and Lot Grading division of the City's Development Engineering Department for final lot grading approval prior to any work being undertaken on the property. Please visit Development Engineering's front desk on the 2nd floor of City Hall to apply for lot grading approval.

**Parks, Forestry and Horticulture Operations:**

No Response.

**By-Law and Compliance, Licensing and Permit Services:**

No Response.

**Financial Planning and Development Finance:**

No Comments.

**Fire Department:**

No Response.

**Schedule A – Plans & Sketches**

**Schedule B – Public Correspondence**

**Schedule C - Agency Comments**

Alectra (Formerly PowerStream) – No concerns or objections

Region of York – No concerns or objections

**Staff Recommendations:**

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan’s Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96, the following conditions have been recommended:

	<b>Department/Agency</b>	<b>Condition</b>
1	Development Engineering Jason Pham  905-832-8585 x 8716 <a href="mailto:jason.pham@vaughan.ca">jason.pham@vaughan.ca</a>	The owner/applicant shall submit the final lot grading permit to the Development Inspection and Lot Grading division of the City's Development Engineering Department for final lot grading approval prior to any work being undertaken on the property. Please visit Development Engineering's front desk on the 2nd floor of City Hall to apply for lot grading approval.

**Conditions**

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

**Please Note:**

Relief granted from the City’s Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City’s Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

## Notice to the Applicant – Development Charges

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department;

- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
