**Subject:** [External] RHL Environmental Assessment

Dear Mayor and Members of Council,

The message is regarding the June 16, 2020 Committee of the Whole, Item 21.

I am writing to express my outrage and opposition to the approval of the additional \$875,000 for the RHL Environmental Assessment and I ask that you rescind your approval.

We did not elect you to manage our money in this manner. This should not have been voted on and approved behind closed doors. Why have MY representatives agreed to pay \$1.2 million for a \$325,000 contract? There is no difference between this matter and the City Hall over budget issue that cost taxpayers millions of dollars more.

An external audit is in order.

Regards,

Rosanna Romano Baldassarra
