Dear Mr. Coles

Re: Clubhouse Developments Inc., 20 Lloyd Street (Board of Trade Golf Course), 241 Wycliffe Avenue, 737 and 757 Clarence Street

Files OP .19.014, Z.19.038 and 19T-19V007

By this letter I am formally submitting my objection to the above highlighted complete application and request that you provide a copy of this letter to the Mayor and all Vaughan Councillors as well as to the city planners.

The proposed infill jeopardizes the natural balance of nature in the area by:

- * Destroying the natural biodiversity of the area
- * Creating an environment that is detrimental to the **health** of existing community members
- * Increasing traffic congestion that already exists and is continuously being increased with the already approved developments in the surrounding neighbourhoods
- * Reducing the Natural Heritage of the Community

The inherent biodiversity of the area is a gift that very few communities enjoy.

The proposed infill development will add a minimum of an additional 3000 vehicles. This will further tax the already congested roadways and turn the neighbourhood into a nightmare.

I believe that a detailed study supported by a Cultural Heritage Impact Assessment, an Environmental Impact Study and a comprehensive Traffic Study (taking into consideration applications already approved within the parameters of the affected community), Health Impact and Social Impact Studies and other studies are critical to properly assess the subject lands' proposed intent for development. The detailed studies are only possible with the implementation of an Interim Control By-law. This will facilitate the completion of a comprehensive report that will scientifically document conservation priorities and facilitate a science based environmental review as well as other necessary studies. In addition I request City Council provide current landowners a Notice of Intervention to designate to preserve the potential cultural character of the Board of Trade Golf-Course.

Sincerely yours,

Susan Sigrist

Vaughan Resident
