Subject: [External] Steeles Ave. W proposed development

Dear Mr. Coles,

Please register my objection to the proposed development plans at the Yonge and Steeles

I'm quite tired of all the added density in Vaughan. Traffic is ridiculous in the suburbs! This isn't downtown. I don't live south for this reason. People move to suburbs to get away from the congestion. Our roads are not wide enough to accommodate all the condos going up. We don't have enough schools. Most people drive in the suburbs. I have the following concerns:

1. The proposed density is between double and triple that allowed in the Secondary Plan
2. The proposed height is more than double what is currently allowed in the Secondary Plan
3. The proposals do not enhance the existing neighbourhood
4. The facilities being proposed are only for the benefit of the residents who live in the proposed developments
5. There has been little to no consultation with the community
6. The existing facilities/infrastructure cannot support this large an increase in population

Please keep me informed of any actions Council may take on these proposals.

Kerry Bernknopf
