Applicant: Adriana Rivera

Agent: None

Property: 21 Malden St Woodbridge

Zoning: The subject lands are zoned R2, Residential and subject to the provisions of Exception 9(769) under By-law 1-88 as amended.

OP Designation: Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Related Files: None

Purpose: Relief from the by-law is being requested to permit the existing gazebo located in the rear yard.

The following variances are being requested from By-Law 1-88, as amended, to accommodate the above proposal:

By-law Requirement	Proposal
1. A minimum interior side yard setback of 1.5 metres is required to an accessory structure (cabana).	1. To permit a minimum interior side yard setback of 1.37 metres to an accessory structure (cabana).
2. A maximum lot coverage of 35% is permitted	2. To permit a maximum lot coverage of 38.96%. (35% dwelling; 3.96% gazebo)

Background (previous applications approved by the Committee on the subject land): N/A

For information on the previous approvals listed above please visit www.vaughan.ca. To search for a file number, enter it using quotes around it. For example, "A001/17".

Staff & Agency Comments

Please note that staff/agency comments received after the preparation of this Report will be provided as an addendum item to the Committee. Addendum items will shall only be received by the Secretary Treasurer until **noon** on the last business day **prior** to the day of the scheduled Meeting.

Committee of Adjustment:

Public notice was mailed on August 26, 2020

Applicant confirmed posting of signage on August 25, 2020

Property Information	
Existing Structures	Year Constructed
Dwelling	Purchased 1997
Gazebo	2007

Applicant has advised that they cannot comply with By-law for the following reason(s): The west side of the boundary the neighbor has built a fence as required as they have a pool, the fence is not on the property line rather it is infringing on my property, they also have a gazebo built covering the catch basin, this catch basin is divided in half by the property line, therefore this structure is partially on my property. I would like to have this corrected.

Adjournment Request: None

Building Standards (Zoning Review):

Stop Work Order(s) and Order(s) to Comply: There are no outstanding Orders on file.

Building Permit No. 20-107222 for Shed/Gazebo - New: (Not Yet Issued)

A review of the building permit drawings indicate that the basement walk-up was shown and was reviewed at that time. The Applicant has advised that it is for personal use only, and not for a Secondary Suite.

The Applicant shall be advised that drawings submitted for Minor Variance Application shall match those for building permit.

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit approval.

Building Inspections (Septic):

No comments or concerns

Development Planning:

Official Plan: Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is requesting permission to maintain an existing gazebo in the rear yard with the above-noted variances.

The variances are considered minor in nature as the gazebo encroaches 0.13 m into the required interior yard setback and maintains adequate open space and amenity area in the rear yard. The gazebo maintains a height of 3.2 m and is open and unenclosed, which will not create adverse impacts on neighbouring properties.

The Development Planning Department is of the opinion that the requested variances are minor in nature, maintain the general intent and purpose of the Official Plan and Zoning By-law, and are desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

Development Engineering:

The Development Engineering (DE) Department does not object to variance application A068/20.

Parks, Forestry and Horticulture Operations:

No comments or concerns

By-Law and Compliance, Licensing and Permit Services:

No Response.

Financial Planning and Development Finance:

No comment no concerns

Fire Department:

Staff Recommendations:

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96.

Conditions

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

Please Note:

Relief granted from the City's Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City's Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

Notice to the Applicant – Development Charges

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department;

Re: Minor Variance A068/20

Date: August 31, 2020

This is in response to the letter email forwarded to me in regards to the minor variance application from my next door neighbor namely 27 Malden Street. As stated in the variance application I did contact the city prior to commencement of the construction of the Gazebo and explained that the gazebo had no walls nor attached to the existing building they instructed me that I can construct the structure. So I proceeded, yes the city by-law inspector was called in not as my neighbor states by someone who called the city, it was him who called the city instead of coming in to talk to me with any concerns. The city by-law officer even stated that there was not an issue on the construction of the gazebo. That is why I was never issued a stop work order. I stopped the work, in consideration of the city and the neighbor.

I have demonstrated the willingness to make changes and have complied with the city on eaves and gutters, as required by by-law. The planning department has reviewed the application and they have sent me an email on August 25, 2020 stating "We advised Committee of Adjustment staff that we had no concerns with the file." Further Mr. DiCaro states that I had no consideration for the neighbors, but yet he continues to infringe my property by placing his fence in my property, not the property line, and he built his gazebo on top of the catch basin, this catch basin should be between both properties but it is now in his property only. Further said gazebo is not 1.5 meters away from the property line. This has caused flooding on my property, so much so that I had to do whipping tile at the back of my property so that I eliminate the flooding problem. At this point I would like the city to rectify this issue and have him move the fence either on his property or on the property line; to remove his gazebo away from the catch basin and the 1.5 meters from the property line.

Subject: [External] Minor Variance A068/20

Morning

I reside at 27 malden next door to the house in question

As for the application for a variance on the sole basis that the applicant never contacted the city before taking on this project, the variance should not be given. If they had been responsible and respectful to their neighbors and to the city laws they would of done their due diligence before taking on this project. At the end of the day a variance should not be given because the said applicant has already built the building and the only reason they have made an application is because someone has brought it to the attention of the city.

Thank you

Tony DiCaro
