Subject: [External] Objection to the proposed development plans for the Yonge and Steeles neighbourhood

Dear Mr. Coles:

Please register my strenuous objection to the proposed development plans for the Yonge and Steeles neighbourhood which are coming up for review by the council this week.

The proposals are way beyond the secondary plan limits and will destroy our environment much like the Yonge Street corridor in North York which has been turned into a concrete jungle. The roads in this area of Vaughan are already clogged with traffic and there would be heavy challenges to all aspects of the city's infrastructure. So far, the residents of Vaughan have been given no opportunities by the developer to provide feedback about these proposals. Clearly, they are not concerned about their impact on Vaughan, and their only concern is to exploit our city to their maximum advantage.

Please keep me informed of any actions Council may take on these proposals.

Sincerely,

Morrie Klians, MBA
