Subject: Re: [External] Proposed Development Plans at Yonge & Steeles Neighborhood.

Dear Sirs,

Further to my earlier email I wish to add that development along Steeles West from the Yonge & Steeles Neighborhood is not a bad thing but it must wait until the infrastructures are built first or at the same time.

Similar to the Vaughan Metropolitan Centre, a subway station should first be built at Yonge & Steeles linking to Finch Subway Station before such huge towers of condominiums should be allowed. Moreover, more business towers like the KGMP Tower at VMC, should be encouraged at the same time to encourage employment opportunities and a higher tax base for more and better facilities for residents in this neighborhood.

Thank you for your kind consideration.

Yours Sincerely,

Thye Wong

Subject: [External] Proposed Development Plans at Yonge & Steeles Neighborhood.

Dear Mr. Coles,

Please register my objection to the proposed development plans at the Yonge & Steeles neighbourhood because of the following reasons:

1. There has been little to no consultation with the community
2. The existing facilities/infrastructure cannot support this large an increase in population
3. The development would suddenly more than triple current number of people currently using Bathurst Public Library, Garnett Williams Swimming Pool and Community Centre, and other public facilities. I see no plans for the corresponding increase in such public facilities!

Please keep me informed of any actions Council may take on these proposals.

Yours sincerely,

Thye Wong
