Transportation and Infrastructure Task Force - November 18, 2020
Item # 1

Transportation & Infrastructure Task Force

November 18, 2020

Task Force Mandate

To assist the City in finding **new and innovative** ways to manage and make its **transportation systems** more **sustainable** amid the rapidly changing landscape of Vaughan.

Proposed Topics

(from September Meeting)

1. Integration of land use & transportation planning
2. Improvements to existing communities to support alternative modes of transportation
3. Value for money in infrastructure improvements (cost benefit analysis)
4. New and emerging transportation technologies to complement/ inform transportation system
5. Multi-modal streets: balancing road widening with active transportation improvements
6. Encourage more employment near residential areas to reduce work related travel time

Potential Themes

Improving System Sustainability

Channeling Innovation

Topics within Themes

Improving System Sustainability	Channeling Innovation
• Improvements to existing communities to support alternative modes of transportation (#2) • Multi-modal streets: balancing road widening with active transportation improvements (#5) • Value for money in infrastructure improvements (#3)	• New and emerging technologies to complement transportation system (#4)

*Note: Land Use topics (#1 and #6) excluded since they are outside the mandate of the Task Force

Proposed Process

1. Understand the problems within the Theme ← We are here
2. Determine outcomes – what will it look like when the problem is solved?
3. Identify solutions to solve the problem
4. Evaluate solutions based on their ability to accomplish outcomes
5. Recommend solutions to Council
