Development Planning:

Official Plan: Vaughan Official Plan 2010 (VOP 2010): "Low-Rise Residential and within the Oak Ridges Moraine Settlement Area"

The Owner is requesting permission to construct a deck and sunroom in the rear yard with the above noted variances.

The Development Planning Department has no objection to the rear yard reduction as the proposed rear yard setback of 4.53 m is similar in distance to other decks in immediate neighbourhood. The one-storey sunroom and deck is a relatively small area that is centrally located, proportionally balanced to the width of the home and still maintains a large rear yard amenity area.

Policy Planning and Environmental Sustainability ('PPES') staff concluded that although the proposed sunroom and deck is located within the 10 m Vegetation Protection Zone of the woodland, a site visit confirmed that an existing 4-6 metres of buffer space exists from the rear property boundary. PPES staff is of the opinion that the existing buffer combined with a proposed rear yard setback of 4.53 m is sufficient to maintain the integrity of the adjacent woodland feature.

The Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.
