Applicant: Jonathan Vecchiarelli and Sabrina Nicoletti

Agent: None

Property: 161 Charmaine Road, Woodbridge

Zoning: The subject lands are zoned R1, Residential Zone, and subject to the provisions of Exception 9(145) under By-law 1-88 as amended.

OP Designation: Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Related Files: None

Purpose: Relief from By-law 1-88, as amended, is being requested to permit the construction of a proposed pool and cabana.

The following variances are being requested from By-Law 1-88, as amended, to accommodate the above proposal:

By-law Requirement	Proposal
1. A minimum Exterior side yard setback of 7.62 metres is required.	1. To permit a minimum Exterior side yard setback of 1.57 metres to an accessory structure (cabana).
2. A minimum Rear yard setback of 7.5 metres is required.	2. To permit a minimum Rear yard setback of 6.67 metres to an accessory structure (cabana).
3. An accessory structure shall be located entirely in the Rear yard.	3. To permit an accessory structure in the Exterior side yard (cabana).
4. A minimum Exterior side yard setback of 7.62 metres is required.	4. To permit a minimum Exterior side yard setback of 2.26 metres to a pool.
5. A maximum Lot coverage of 20% is permitted.	5. To permit a maximum Lot coverage of 23.8%. (Dwelling 19.7%, Porch 1.56%, Cabana 2.54%)

Background (previous applications approved by the Committee on the subject land): None

For information on the previous approvals listed above please visit www.vaughan.ca. To search for a file number, enter it using quotes around it. For example, "A001/17".

To search property address, enter street number and street name using quotes. For example, "2141 Major Mackenzie". Do not include street type (i.e. drive).

Applicant has advised that they cannot comply with By-law for the following reason(s): Rear yard does not permit adequate space and poses a safety concern when exiting the residential dwelling. We are proposing this revision and it does not impact the abutting neighbours.

Adjournment Request: None

Building Standards (Zoning Review):
Stop Work Order(s) and Order(s) to Comply: There are no outstanding Orders on file.

Building Permit No. 20-107464 for Shed/Gazebo - New, Issue Date: (Not Yet Issued).

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

Should this application be approved, all building permit plans must match the plans that are approved under this Minor Variance File.

Please note Section 4.1.1(b) that states the maximum height of an accessory building or structure measured from the average finished ground level to the highest point of the said building or structure shall be 4.5 metres. The nearest part of the roof shall not be more than three (3) metres above finished grade.

Building Inspections (Septic):
No comments or concerns

Development Planning:
Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is proposing to construct a cabana and a swimming pool within the exterior side yard with the above noted variances.

The Owner has provided an Arborist Report, Tree Inventory and Landscape Plan by Landscape Planning Landscape Architects, dated December 4th, 2020. No public or private trees are impacted as a result of construction. Urban Design and Cultural Heritage staff have reviewed the report and plans and have no objections.

As the area containing the cabana and swimming pool will be enclosed by a fence and the existing trees will not be removed, there will be no adverse impacts on the streetscape. The proposed cabana complies with the maximum height requirement and is appropriately sized for the lot. Accordingly, the Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

Cultural Heritage (Urban Design):
No Response

Development Engineering:
The Development Engineering (DE) Department does not object to variance application A123/20.

Staff Recommendations:

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan’s Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96, the following conditions are recommended: N/A

Conditions

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

Please Note:

Relief granted from the City’s Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City’s Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

Notice to the Applicant – Development Charges

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
