RE: Application No A130/20

Dear Committee Members:

I am writing to express my support for Application No A130/20 - in which North Toronto Cat Rescue is requesting a minor variance at the property located at 1435 Centre Street in the City of Vaughan.

I have been volunteering at North Toronto Cat Rescue (NCR) for three years, and have seen hundreds of cats rescued, vetted, spayed and neutered, and adopted into loving homes. This is no easy feat, yet every day, the dedicated volunteers at NCR come in and work hard to rehabilitate injured, sick, and unwanted cats.

I believe that NCR provides benefits to not only the cats and kittens they save, but also to the volunteers who show up every day. As a volunteer, I rely on NCR for a sense of community, and a place where I can make a difference. The cats and kittens, in turn, provide me much-needed stress relief.

NCR also provided a much-needed service to the community - as the cat population grows, there are fewer and fewer resources available to community members to help save stray cat populations in their neighborhoods. NCR provides spays, neuters, vetting, and rehoming; a critical service, especially during frigid winter months.

NCR will always have my full support. The loss of their space, during winter, and just before spring when kitten season peaks will be a detriment to the volunteers, kittens, and community.

Please grant this minor variance to allow us to continue our work while NCR looks for a new suitable and acceptable location.

Thank you.

Sincerely,

Holly Stemberger  
Cat Care Volunteer, NCR
