For presentation at the hearing for North Toronto Cat Rescue on Feb 4, 2021.

I have worked for NTCR for 14 years as volunteer. I thoroughly support NTCR and would like their application for the building to be considered as a animal shelter. North Toronto Cat Rescue rescues stray cats from the streets, houses them, spays/neuters them and adopts them out to responsible adopters. This must surely be a very attractive preposition for a city like Vaughan as all this done at no expenses to the city at all.

Lorna Jones.
