To whom it may concern:

For presentation at the hearing for *North Toronto Cat Rescue* on Feb 4, 2021.

I am concerned that *North Toronto Cat Rescue* (NCR) is threatened with closure.

For many years NCR has rescued stray cats, performed spaying and/or neutering and effected many adoptions. In so doing, it performs a valuable public service at no cost to the taxpayer.

Considering the above, I would like their application for the present building to be designated as an Animal Shelter to be approved.

To reinforce the vital point, *North Toronto Cat Rescue* takes many stray cats from the streets, houses them, spays and/or neuters them and facilitates adoption to responsible adopters. It is important to note that NCR allows adopters to choose the cat they want in an open-space area (not a cage.)

To conclude, this must surely be a very attractive proposition for the City of Vaughan, as all this is done at no expenses to the city.

Sincerely,  
Roger Jones.
