**Subject:** [External] Development committee in 7080 Steels west,

Hi,

My family and I live in the area.

We are against this development and here are some of the reasons:

1/ Any high rise development is against the eco environment.

The pollution will increase 100%.

The traffic conjecture will increase 100%,

2/ The crime will increase too.

These buildings will be occupied only from AIRBNB renters and it will be used for narcotrafficking and prostitutions.

I worry of mine and mi family safety.

3/ There are plenty of empty units of inventors.

Let make them occupied first.

The ON government is promising a tax on the empty apartments.

Then no crisis here for finding a place to stay!!!

At this world of the pandemic crisis, we don't need any new developments!!!!

We need a green and safe city to be and to raise our children and grandchildren in peace!!!!!!

I hope that my voice will be recognised and it will make a change and stop the development!!!!

Regards
