Subject: [External] COW January 19, 2021: Item Presentation #1

Good Afternoon

RE: MZO Request from Solmar Development Corp requesting Council support of an MZO for Park Avenue Place Phase 2 (9095 Jane Street) and Ballaria II (9291 Jane Street).

It has come to our attention that the above request has been brought forward to the City of Vaughan Council for approval. Consideration of this request should **not** be considered as it circumvents the entire public planning process which includes feedback or input from the public and sets negative precedence for future development applications.

The voice of the public has already been reduced to a whisper, MZO's will silence us! For this reason, I am informing you that the Village of Woodbridge Ratepayers Association is strictly opposed to the approval of this MZO request.

Further and respectfully, we have to questions the rationale for the consideration of any development application when the Province of Ontario is in a **lock down**. How is the presentation of these request deemed to be essential given the environment we are in?

Please ensure this communication is accepted as a communication for the upcoming Council

Meeting today.

Sincerely,

Maria Verna

Village of Woodbridge Ratepayers Association
