**Attachments:** [Traffic Signal Cabinet Wraps 2017.pdf](#)

---

The traffic control box at Centre Street and Yonge Street is a perfect location for a public realm enhancement unique to historic Thornhill Village.

The box would be so much more appealing if it was wrapped in a copy of the a famous Tangled Garden, by JEH McDonald who lived just west of the intersection.

York Region permits Vaughan to wrap this box.

Please see report below.

I look forward to hearing from you soon.

Valerie Burke

Hi Valerie

Thank you for your email regarding the wrapping of the traffic controller box at Yonge St and Centre St.

The Region does not wrap traffic controllers, however we allow Municipalities that have Public Realm initiatives for wrapping traffic controllers to wrap Regional Owned Controllers.

I have attached a Council Report for your review.

Please contact the City of Vaughan to inquire if they have a traffic controller box wrapping program.

All the best

Paul
