Hello

I am opposed to this proposal , The house at 21 Twilight Terrace Woodbridge located behind our back yard so by building this we are going to have less privacy for our family and won't be able to use our back yard as they already built an oversized pool as well. They are already having a big party and making noise after 12:00 am makes lots of inconvenience for all of us in this neighborhood during summer and are not able to enjoy our summer. Also the neighbour at 30 Autumn ridge court has been sent complain to the city,

My address"
