COMMUNICATION – C9
COUNCIL – March 10, 2021
Committee of the Whole
Report No. 8, Item 12

Date: March 4, 2021

Rene Vlahovic

[redacted] Hwy #27,

Kleinburg, Ontario

Canada, [redacted]

Dear Maurizio Bevilacqua,

- I am a long-time resident of Kleinburg, since 1965. I have raised my family in Kleinburg and have strong ties to the community.
- I made several requests to you, and the councilors, to answer the question why does the intersection at Kirby Rd, along Hwy #27 up to King Vaughan Line need to be so large. (Approx. 1.5km to 1.9km)? Forget about the large intersections at Weston Rd. and King Side Rd, and Nashville Rd. and Hwy #50.
- I never got a response?
- So, I must assume that you really do not know why the intersections are so big? So why would you endorse it?

  OR

  You did know and did not want to tell the people of Kleinburg? That is a shame?
- You voted in favor of the Hwy 413.
- The Vaughan area transportations systems are a mess. You think this will help? Vaughan needs another 400 series highway?
- As of last night, beyond the Stop the 413 group, I received 693 E mails congratulating me in getting the council to overturn their previous position.
- I question if you really know what you are doing, or care for the people of Kleinburg?

- With this expansion, the lives of the people in Kleinburg will never be what they expected or wanted.

Yours truly, one of the squealers,

Rene Vlahovic
