Applicant: Paradise Homes Kleinburg Inc.

Agent: TACC Developments Inc.

Property: **134 Factor Street, Kleinburg**

Zoning: The subject lands are zoned RD4, Residential and subject to the provisions of Exception9(1376) under By-law 1-88 as amended.

OP Designation: Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Related Files: Z.17.022 & 19T-17V007

Purpose: Relief from By-law 1-88, as amended, is being requested to permit the construction of a proposed single family dwelling.

The following variances are being requested from By-Law 1-88, as amended, to accommodate the above proposal:

By-law Requirement	Proposal
1. A minimum interior side yard setback of 1.2 metres is required.	1. To permit a minimum southerly interior side yard setback of 0.65 metres.
2. Minimum interior garage dimensions of 5.5 metres width x 6.0 metres length are required.	2. To permit a garage (attached to a dwelling) with minimum interior garage dimensions of 5.49 metres width x 6.10 metres length.

Background (previous applications approved by the Committee on the subject land): None

For information on the previous approvals listed above please visit www.vaughan.ca. To search for a file number, enter it using quotes around it. For example, "A001/17".

To search property address, enter street number and street name using quotes. For example, "2141 Major Mackenzie". Do not include street type (i.e. drive).

Staff & Agency Comments

Please note that staff/agency comments received after the preparation of this Report will be provided as an addendum item to the Committee. Addendum items will shall only be received by the Secretary Treasurer until **noon** on the last business day **prior** to the day of the scheduled Meeting.

Committee of Adjustment:

Public notice was mailed on March 3, 2021

Applicant confirmed posting of signage on March 1, 2021

Property Information	
Existing Structures	Year Constructed
Dwelling	TBC

Applicant has advised that they cannot comply with By-law for the following reason(s): The lot is a "reverse" pie shaped lot that has a frontage in excess of what is permitted for the reduced side yard. This lot configuration creates a lot that has a frontage that does not "match" the usable building envelope.

Vaughan Council, on June 19, 2018, approved Zoning By-law Amendment and Draft Plan of Subdivision Files Z.17.022 and 19T-17V007. Zoning By-law 142-2019 was adopted by Vaughan Council on October 23, 2019. At the February 9, 2021 Committee of the Whole adopted the following motion:

THAT the Council approved Recommendations contained in Item 40, Report No. 21 (Nashville (Barons) Developments Inc. & Nashville (10 Acres) Development Inc.) dated June 19, 2018, be amended to include the following recommendation:

“THAT the Owner be permitted to apply for a Minor Variance Application(s) to the Vaughan Committee of Adjustment, before the second anniversary of the day on which the implementing Zoning By-law for the Subject Lands came into effect, to permit minor adjustments to the implementing Zoning By-law.”

Adjournment Request: None

Building Standards (Zoning Review):

Stop Work Order(s) and Order(s) to Comply: There are no outstanding Orders on file.

Building Permit No. 20-115617 for Single Detached Dwelling - New (Repeat Housing) (No Arch. Exam), Issue Date: (Not Yet Issued)

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit.

Building Inspections (Septic):

No comments or concerns

Development Planning:

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is requesting permission to construct a garage (attached to a dwelling) with a minimum interior garage dimension of 5.49m (W) by 6.10m (L) and an interior side yard setback of 0.65m. As required by the subdivision agreement and acknowledged by the Owner, maintenance easements will be registered on the interior side yard setbacks that are less than 1.2m.

The Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Development Engineering:

Please note Development Engineering (DE) Department does not have any objection to permit side yard setback of 0.65m, when the by-law requires 1.2m but may the owner/applicant be aware that the side yard with reduced setback can be used for drainage purpose only, not for anything else.

The Development Engineering (DE) Department does not object to variance application A013/21.

Parks Development - Forestry:

No comment.

By-Law and Compliance, Licensing and Permit Services:

No comment.

Financial Planning and Development Finance:

No comment, no concerns.

Staff Recommendations:

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96, the following conditions have been recommended: N/A

Conditions

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

Please Note:

Relief granted from the City's Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City's Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

Notice to the Applicant – Development Charges

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
