Subject: [External] Solmar Project North of Bellaria

>
>

> To whom it may concern,

>

> Hello, we are residents of 9255 Jane street and recently notified about the 2-36 story tower project of Solmar at the north of the Belarria buildings.

> Please be noted that this project will significantly affect the light and view of our building, no need to mention the Jane traffic congestion which is already high. Moreover, it will increase the noise pollution of the area, with respect to the Wonderland operating season.

> We seriously object to the height and size of these towers.

> We expect The City of Vaughan, to refuse permission of these heights in the best interest of the residents living in the area.
