**Development Planning:**  
Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is requesting permission to construct a cabana in the rear with the above noted variances. At the request of the Development Planning Department, the Owner has revised his initial proposal to increase the rear yard soft landscape from 37.5 % to 62.5 %, thereby, complying and eliminating the required variance for minimum soft landscape of 60%.

In support of this application, the Owner submitted an Arborist Report, prepared by Noica Consulting Inc., dated February 6, 2021. The Urban Design Division of the Development Planning Department has reviewed the Arborist Report and has no concerns with respect to the proposed works.

The Development Planning Department has no objection to the proposed variances, given the accessory structure is appropriately distanced to the adjacent dwellings and situated in an area that provides sufficient soft landscaping. The reduction in rear and interior side yard setback is offset by the fact the cabana complies with the height and area provisions of Zoning By-law 1-88.

The Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

**Development Engineering:**  
The Owner/applicant shall apply for a pool permit with the Development Engineering (DE) Department. Please visit or contact the Development Engineering Department through email at [DEPermits@vaughan.ca](mailto:DEPermits@vaughan.ca) or visit [https://www.vaughan.ca/services/residential/dev\\_eng/permits/Pages/default.aspx](https://www.vaughan.ca/services/residential/dev_eng/permits/Pages/default.aspx) to learn how to apply for the pool permit.

The Development Engineering (DE) Department does not object to variance application A022/21. subject to the following condition(s):

The Owner/applicant shall submit the final Lot Grading and/or Servicing Plan to the Development Inspection and Lot Grading division of the City’s Development Engineering Department for final lot grading and/or servicing approval prior to any work being undertaken on the property. Please visit or contact the Development Engineering Department through email at [DEPermits@vaughan.ca](mailto:DEPermits@vaughan.ca) or visit [https://www.vaughan.ca/services/residential/dev\\_eng/permits/Pages/default.aspx](https://www.vaughan.ca/services/residential/dev_eng/permits/Pages/default.aspx) to learn how to apply for lot grading and/or servicing approval.

- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96, the following conditions have been recommended:
