**Adjournment Request:** N/A

**Building Standards (Zoning Review):**

A Building Permit has not been issued. The Ontario Building Code requires a building permit for structures that exceed 10m<sup>2</sup>

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

The subject lands may be subject to the Oak Ridges Moraine Conservation Act, RSO 2001.

**Building Inspections (Septic):**

No Response

**Development Planning:**

Official Plan: Vaughan Official Plan 2010 ('VOP2010'): "Low-Rise Residential"

The Owner is requesting permission to construct an accessory structure in the rear yard with the above-noted variances. Due to the proximity of trees near the proposed accessory structure, the Owner submitted an Arborist Report prepared by Redbud Forestry Consultants, dated February 8, 2021. The Arborist Report identified that neighbouring trees would not be adversely impacted by the construction of the accessory structure. Urban Design staff concur with the conclusions of the Arborist Report.

The Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

The Development Engineering (DE) Department does not object to variance application A031/21.
