## Committee of the Whole (Public Hearing) Report

---

**DATE:** Monday, September 17, 2018

**WARD:** 3

**TITLE: ZONING BY-LAW AMENDMENT FILE Z.16.018  
DRAFT PLAN OF SUBDIVISION FILE 19T-16V003  
CELVIN ESTATES INC.  
VICINITY OF WESTON ROAD AND MAJOR MACKENZIE DRIVE**

**FROM:**

Jason Schmidt-Shoukri, Deputy City Manager, Planning and Growth Management

**ACTION:** DECISION

---

**Purpose**

To receive comments from the public and Committee of the Whole on Zoning By-law Amendment File Z.16.018 and Draft Plan of Subdivision File 19T-16V003 for the Subject Lands shown on Attachments #1 and #2, to permit the development of 177 townhouse dwellings comprised of 59 street townhouse dwellings including blocks to develop with the adjacent lands (all freehold on a public road), 40 townhouse dwellings and 78 back-to-back townhouse dwellings (all freehold on a future private common element condominium road), in the manner shown on Attachments #3 to #5.

**Report Highlights**

- To receive comments from the public and Committee of the Whole on Zoning By-law Amendment and Draft Plan of Subdivision Applications for the Subject Lands shown on Attachments #1 and #2, to facilitate the development of 177 townhouse dwellings.
- A technical report prepared by the Development Planning Department will be considered at a future Committee of the Whole meeting.

## **Recommendations**

1. THAT the Public Hearing report for Zoning By-law Amendment File Z.16.018 and Draft Plan of Subdivision File 19T-16V003 (Celvin Estates Inc.) BE RECEIVED; and, that any issues identified be addressed by the Development Planning Department in a comprehensive report to the Committee of the Whole.

## **Background**

The Subject Lands (the “Subject Lands”) are located on the west side of Weston Road, north of Major Mackenzie Drive, and are municipally known as 10130, 10144 and 10160 Weston Road, as shown on Attachments #1 and #2. The surrounding land uses are shown on Attachment #2.

### ***The Applications were revised following the September 7, 2016 Public Hearing***

The Owner on April 26, 2016, submitted Zoning By-law Amendment and Draft Plan of Subdivision Files Z.16.018 and 19T-16V003 (Celvin Estates Inc.) for the southerly portion of the Subject Lands (10,130 and 10,144 Weston Road) shown on Attachments #1 and #2, to permit 121 dwelling units comprised of 17 street townhouse dwellings (freehold on a public road), 24 townhouse dwellings and 80 back-to-back townhouse dwellings (freehold on a future private common element condominium road), as shown on Attachment #7. The proposal was considered by the Committee of the Whole at the September 7, 2016, Public Hearing. The proposal did not conform to the approved Block 40 South Plan and did not align with the approved lotting and street pattern of the adjacent approved Draft Plan of Subdivision (Belmont Plan of Subdivision File 19T-06V07 and Maplequest (Vaughan) Developments Inc. Plan of Subdivision File 19T-12V002).

The Owner subsequently acquired the abutting lands to the north (10160 Weston Road), as shown on Attachment #2, and revised the development proposal as shown on Attachments #3 to #5.

### ***Revised Zoning By-law Amendment and Draft Plan of Subdivision Applications have been submitted to permit the Development***

The Owner has submitted the following applications (the “Applications”) to permit 177 townhouse dwellings (the “Development”) comprised of 59 street townhouse dwellings including blocks to develop with the adjacent lands (all freehold on a public road), 40 townhouse dwellings and 78 back-to-back townhouse dwellings (all freehold on a future private common element condominium road), as shown on Attachments #3 and #4:

1. Zoning By-law Amendment File Z.16.018 to rezone the Subject Lands from “A Agricultural Zone” and “RR Rural Residential Zone” to “RT1 Residential Townhouse Zone” in the manner shown on Attachment #4, together with site-specific zoning exceptions identified in Table 1 of this report.

2. Draft Plan of Subdivision File 19T-16V003 to facilitate a residential Plan of Subdivision (the “Draft Plan”) for the Subject Lands shown on Attachment #4 consisting of the following:

<b>Blocks</b>	<b>Land Use</b>	<b>Area (ha)</b>	<b>Number of Units</b>
A-J	Street Townhouses	0.625	59
K	Townhouses (freehold on a future private common element condominium road)	1.906	40
	Back-to-Back Townhouse (freehold on a future private common element condominium road)		78
L	Road Widening (Weston Road)	0.023	
K	Road 20 m Wide Right-of-Way (Dundonnell Place)	0.20	
TOTAL		2.76	177

***Public Notice was provided in accordance with the Planning Act and Council’s Notification Protocol***

- a) Date the Notice of a Public Meeting was circulated: August 10, 2018

The Notice of Public Hearing was also posted on the City’s website at [www.vaughan.ca](http://www.vaughan.ca) and a Notice Signs was installed on the property in accordance with the City’s Notice Sign Procedures and Protocols.

- b) Circulation Area: 150 m, Millwood Woodend Ratepayers Association and the Vellore Woods Ratepayers Association.

- c) Comments Received:

Any written comments received will be forwarded to the Office of the City Clerk to be distributed to the Committee of the Whole as a Communication. All written comments that are received will be reviewed by the Development Planning Department as input in the application review process and will be addressed in a technical report to be considered at a future Committee of the Whole meeting.

The following deputations and written submissions were received by the Development Planning Department for the September 7, 2016, Committee of the Whole Public Hearing for the original development shown on Attachment #7:

## Deputations

1. Mr. Robert Dragicevic, Walker, Nott, Dragicevic (WND), Eglinton Avenue East, Toronto;
2. Mr. Kurt Franklin, Weston Consulting Group, Millway Avenue, Vaughan;
3. Mr. Brian Greenberg, Madoc Place, Vaughan;
4. Mr. Nick Simos, dated August 18, 2016; and
5. Mr. Daniel Steinberg, Davies Howe Partners LLP, Spadina Avenue, Toronto, dated August 31, 2016.

The following is a summary of and responses to the comments provided in the deputations and the written submissions received by the Development Planning Department, submitted at the Public Hearing:

- i) The Development will result in increased traffic and lack of on-street parking in the community resulting in the removal of amenity space to accommodate parking

The Development Engineering (“DE”) Department is reviewing the Traffic Impact Study, which included a review of existing traffic patterns, the surrounding area and the planned road improvements to the road network (i.e., the road widening of Major Mackenzie Drive). The Traffic Impact Study has also provided a Parking Plan to identify the location for 9 on-street parking spaces and 30 visitor parking spaces on the private common element condominium road. Two parking spaces per unit are proposed for the street townhouse units (freehold on a public road) and townhouse units and back-to-back townhouse units on the private common element condominium road in accordance with the “RT1 Residential Townhouse Zone” requirements in Zoning By-law 1-88. The DE Department review will determine if the proposed on-street parking spaces and 30 visitor parking spaces on the private common element condominium road are to the satisfaction of the City which will be discussed in the technical report.

Council in June 2015 passed By-law 125-2015 to permit on-lot parking, specifically to create an additional parking space in the front or exterior side yard on a hard landscaped area on lots where the lot frontage is 6 m or greater for detached, semi-detached and street townhouse units. The City will enforce the required soft landscaping requirement (i.e., trees, shrubs, flowers and grass) for the front and exterior side yards in accordance with Zoning By-law 1-88 to deter the removal of soft landscaped area.

- ii) The Owner is required to join the Block 40 South Developer’s Group respecting the cost sharing of services and infrastructure provided in the Block 40 South Planning Area

The Development Planning Department includes as a standard condition of Draft Plan approval, should the Applications be approved, that the Owner shall be required to satisfy all obligations, financial and otherwise, to the satisfaction of the Block 40 Trustee and the City of Vaughan.

## **Analysis and Options**

### ***The Development conforms to the Vaughan Official Plan 2010***

The Subject Lands have a dual Official Plan designation. The westerly half of the site is designated “Low-Rise Residential” by Vaughan Official Plan 2010 (“VOP 2010”) and is located within a Community Area. The “Low-Rise” residential designation permits townhouses with a maximum building height of 3-storeys, and there is no maximum density provision. The easterly half of the site is designated “Low-Rise Mixed-Use” and permits a maximum building height of 4-storeys and a maximum Floor Space Index (“FSI”) of 1.5 times the lot area. The Official Plan states that a townhouse may not exceed a maximum number of 6 units in a row. VOP 2010 however states that where the intent of the policy is maintained, minor variations from the standard may be permitted without an amendment to the Official Plan. A Planning Justification and/or Urban Design Brief is required to support this variation to the satisfaction of the City.

The Development includes 3-storey street townhouse units and back-to-back townhouse units with up to 7 units in a row. At the time of the preparation of this report, the Owner has not confirmed the overall FSI. The Development must conform to the density provisions in the Official Plan otherwise an additional Public Hearing will be required.

### ***The Low-Rise Guidelines do not apply to the Subject Lands***

The City initiated the Community Area Policy Review for Low-Rise Residential Designations, which has resulted in the Council adopted Urban Design Guidelines (“Guidelines”) for Infill Development in Established Low-Rise Residential Neighbourhoods and the Community Area Policy Review for Low-Rise Residential Designations Study (“Study”). The Guidelines were approved by Council on October 19, 2016, and serve to help clarify and implement the existing Policy 9.1.2.3 of VOP 2010 related to compatibility. A portion of the Subject Lands are designated “Low-Rise Residential” but the entire Subject Lands are not located within an established neighbourhood and therefore, the Guidelines do not apply.

### ***Amendments to Zoning By-law 1-88 are required to permit the Development***

The Subject Lands are zoned “A Agricultural Zone” and “RR Rural Residential Zone” by Zoning By-law 1-88 subject to site-specific zoning Exceptions 9(680) and 9(1060). The Owner proposes to amend Zoning By-law 1-88 to rezone the Subject Lands to “RT1 Residential Townhouse Zone” together with the following site-specific zoning exceptions to the RT1 Zone standards:
