Member's Resolution

Submitted by Regional Councillor Jackson

Whereas, the City of Vaughan continues to work in close collaboration with York Region to take decisive and meaningful action to protect residents, businesses and staff from COVID-19; and

Whereas, both the City and Region remain in constant collaboration with provincial and national health agencies, receiving regular updates as the COVID-19 pandemic evolves. This allows the City and Region to take well-informed and meaningful steps towards stopping the spread of COVID-19; and

Whereas, as of April 27, nearly 400,000 COVID-19 vaccine doses have been administered to York Region residents. The City's Maple Community Centre continues to operate as a vitally crucial COVID-19 vaccine clinic serving the people of Vaughan; and

Whereas, compassionate, dedicated and hardworking individuals support Vaughan and communities throughout York Region. This includes the remarkable volunteers from PinkCars – an organization providing COVID-19 vaccination support for seniors aged 70+ in York Region; and

Whereas, each day, PinkCars volunteers help members of the older adult community book vaccination appointments and take people safely to and from their scheduled appointments. PinkCars volunteers offer their complimentary services in multiple different languages, thereby supporting Vaughan's diverse and multicultural community further; and

Whereas, PinkCars is seeking communications support for its services and additional community volunteers to assist with the group's mission to respond to the global COVID-19 pandemic by addressing access to care and support issues facing many of Vaughan and York Region's most vulnerable residents.
