Dear Mr. Coles,

Please register my objection to the proposed development plans at the Yonge & Steeles neighbourhood because:

The proposed height is more than double what is currently allowed in the Secondary Plan

There has been little to no consultation with the community

In general, I believe these projects are overwhelmingly large mostly to give builders maximum profit using minimal land space with little regard for the users of the space.

An example of this was the proposed development of the Springfarm Plaza that was defeated.

i generally understand intensification is necessary but not at the expense of the people in the surrounding community where I have resided for 42 years..

Please keep me informed of any actions Council may take on these proposals.

Murray Bloomfield
