Development Planning:

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is requesting permission to maintain an existing rear yard addition to a two-storey dwelling.

The existing rear yard one-storey addition is an unheated sunroom that projects 3.27 m into the rear yard. The Development Planning Department has no concerns with the requested rear yard setback of 5.38 m as an appropriate amount of space is maintained in the rear yard, the height of the structure is within the requirements of the Zoning By-law, and the rear addition remains in line with the side walls of the dwelling and does not project into the interior side yards.

Accordingly, the Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

The Development Planning Department recommends approval of the application.

The Development Engineering (DE) Department does not object to variance application A087/21.
