---

Heello Christine,

As per your clarification I will not speak tomorrow evening but will listen in the livestream of the meeting. I am providing a written submission.

To the Committee of Adjustment re File A 109/20

As an original resident owner (Grazina Matukas) since 1969 of the property on 135 Camlaren Cres. on the East side of 129 Camlaren, I have given consent for the removal of a 40 year old healthy spruce tree to accommodate excavation of the proposed house at 129. Please consider my objection of the increased lot coverage to 37.5% with the forward placement of the house which will impact from my main front window the natural light with excess shading & affect vegetation & growth. It will also block a safe view of street traffic e.g. emergency vehicles, other fast cars, deliveries, and Vaughan city works crews monitoring the nearby lift station.

Thank you,

Grazina Matukas
