Re; Highrise proposed for Weston Rd. and Maj. Mackenzie

The above meeting was supposed to be taking place as I type this.  
It was supposed to be live for the public.  
It isn't accessible.

This is an extremely important matter for any of us living in this area and  
extremely annoying and frustrating to not be able to know what is going on.

Could you please let me know how to get to participate, listen to etc these meeting.

Thanks and awaiting your reply,
