Property Information	
Existing Structures	Year Constructed
Dwelling	2018
Curb Cut and Driveway expansion	TBC

Applicant has advised that they cannot comply with By-law for the following reason(s): Would like to cut the curb so the driveway opening is 9m to accommodate the three-car garage.

**Adjournment Request:** None

**Building Standards (Zoning Review):**

Stop Work Order(s) and Order(s) to Comply: There are no outstanding Orders on file

A Building Permit has not been issued. The Ontario Building Code requires a building permit for structures that exceed 10m<sup>2</sup>.

The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

Applicant to provide front yard landscaping calculations. A minimum 50% of front yard landscaping is required.

**Building Inspections (Septic):**

No comments or concerns

**Development Planning:**

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is proposing to widen an existing driveway and curb cut.

The requested variances to increase the maximum curb cut width from 6 m to 9 m and to reduce the front yard landscaping from 50% to 48% is considered minor. The widening of the driveway is to accommodate the width of the existing three-car garage. The driveway widening and small reduction in front yard landscaping will not cause any noticeable impact on the streetscape.

Accordingly, the Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Development Planning recommends approval of the application.

**Development Engineering:**

The Development Engineering (DE) Department does not object to variance application A146/21 considering the water valve and street furniture is more than 1m away from the proposed driveway.

Additional comments:

The owner/applicant shall apply and obtain the necessary curb cut/ reinstating permit through the Transportation and Fleet Management Services. Please visit

**Staff Recommendations:**

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96, the following conditions have been recommended: N/A

**Conditions**

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

**Please Note:**

Relief granted from the City's Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City's Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

**Notice to the Applicant – Development Charges**

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

### COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
