Development Planning:

Official Plan: City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

The Owner is proposing the demolition of an existing dwelling and detached garage on the subject lands to facilitate the development of two new single-family dwellings on the proposed severed and retained lands, with the above-noted variances. The subject property is in a low-rise residential neighbourhood west of Kipling Avenue and north of Highway 7.

The Development Planning Department previously supported Consent Application B037/19, and Minor Variance Applications A169/19 and A170/19, which were approved by the Committee of Adjustment, to facilitate a severance on the subject lands. However, the Owner was not able to fulfill the conditions on the approved applications within the prescribed one-year timeframe which has since lapsed. The Development Planning Department supported applications B037/19, A169/19, and A170/19 on the basis that the proposed severance would complement the existing neighbourhood by maintaining the low-rise character of the neighbourhood and represent a form of limited intensification in a Community Area that is compatible with the character, form and planned function of the surrounding neighbourhood (VOP 2010, Policy 2.2.3.3). The current applications B016/21, A200/21 and A201/21 propose to facilitate the same severance as previously approved by the Committee, thereby, the Development Planning Department has no objection to the requested severance and associated minor variances.

Accordingly, the Development Planning Department is of the opinion that the proposed variances are minor in nature, maintain the general intent and purpose of the Official Plan and Zoning By-law, and are desirable for the appropriate development of the subject lands. The Development Planning Department has no objection to the requested severance and is of the opinion that the proposal maintains the intent of the severance policies of VOP 2010, and the consent criteria stipulated in Section 51(24) of the Planning Act, R.S.O. 1990, c P.13.

The Development Planning Department recommends approval of the applications, subject to the following conditions: None.

Development Engineering:

The Development Engineering (DE) Department does not object to variance application A201/21 subject to the following condition(s):

1. The Owner/applicant shall submit the final Lot Grading and/or Servicing Plan to the Development Inspection and Lot Grading division of the City's Development Engineering Department for final lot grading and/or servicing approval prior to any work being undertaken on the property. Please visit or contact the Development Engineering Department through email at DEPermits@vaughan.ca or visit https://www.vaughan.ca/services/residential/dev_eng/permits/Pages/default.aspx to learn how to apply for lot grading and/or servicing approval.
2. The Owner/applicant shall approach Development Inspection and Lot Grading division of Development Engineering to apply for the required service connections for the severed lands & service connection upgrades (if applicable) within the retained lands as per city standards, complete with a servicing and lot grading plan. The Owner/applicant shall pay the required connection fee(s) following confirmation of service connection estimates.

Additional comments:

1. As the proposed dwelling in the subject property is 109.07 m², the owner/ applicant needs to obtain a lot grading permit from Development Inspection and Lot Grading division of the City's Development Engineering Department. Please note any in ground structure over 10 m² requires a grading permit. Please contact COA application engineering reviewer after receiving the grading permit to clear the condition. (Condition attached)
2. The owner/applicant shall apply and obtain the necessary curb cut/ reinstating permit through the Transportation and Fleet Management Services. Please visit https://www.vaughan.ca/services/residential/transportation/roads/curb_cuts_and_driveway_widening/Pages/default.aspx to learn how to apply for the curb cut/ reinstating permit.
3. The variance application A200/21 and A201/21 shall be approved final and binding in conjunction with consent application B016/21.
