Subject: [External] Sibella way high rise development

Hi my name is Jerry rosa I live very close to where you want to put this 12 story high rise. Please let's have some common sense here with this situation. Next door there is a 3 level town on top of commercial stores. This is still very high but acceptable. 3 stories and higher for all of us to see from our houses is just an embarrassment. We did not buy these houses to have 12 stories in front of our driveways. Make the right call and move on ..

thank you

Jerry rosa
