Good Morning Councillors,

I am a 15 year old student at Emily Carr SS. On May 18th I witnessed my mother and other concerned residence make a final plea to council to vote against the development that is proposed to go up across my house. Council suggested mediation occur with the developer and OLT. Today I am upset to hear that the developer refused to negotiate with the community. This community as well as myself have put a lot of work and have really tried to convince council and the developer that this development is wrong. We need Vaughan City Council to stand up for the residents ...including young future residences of this community. It is now time for council to support it's residences who have put every effort to work with this developer. The developer has shown no regard to the recommendations made by council. Please Say No to this developer and help save our community!!!

Sincerely,

Arjan Badwal

Resident of [REDACTED] Velmar dr (resident of property directly across this proposed development)
