Sent from my Galaxy

Subject: request to speak at the council meeting

Good day Mr John Britto hope all is well

As i have mention to you about my request to have the school cross line removed from my driveway, also the all mess started when the city decide to put this school cross line at end of my driveway boulevard this create a problem with parents parking and dropping off their children , basically they parked their cars and still do illegally close to cross line and along the end of my property, and they still do! even after the city decide to install a no parking stopping zone. this is creating me anger looking at parked cars illegally and no one is there enforcing the rule !

every day same story,!

at this point i feel discriminate, why the parents can illegally , but not me as i own the place and pay tax: why can't i park at end of my property if i need to?

now i am, here asking to have my rights back, at list change the sign with time scheduled no parking stopping during school children drop off or being pick up i am sure it is safe and i dont have to worry about being ticket , when i bought this property no one told me the city will use your driveway to allow children cross the road .and cant park in front your property, and, also imagine me trying to sell the property, it will be a big loss , just because no proper planning was done,

i pay tax like all and deserve my rigths.

thanks

Fiore Arduini [REDACTED]
