Staff Recommendations:

Staff and outside agencies (i.e. TRCA) act as advisory bodies to the Committee of Adjustment. Comments received are provided in the form of recommendations to assist the Committee.

The Planning Act sets the criteria for authorizing minor variances to the City of Vaughan’s Zoning By-law. Accordingly, review of the application considers the following:

- ✓ That the general intent and purpose of the by-law will be maintained.
- ✓ That the general intent and purpose of the official plan will be maintained.
- ✓ That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- ✓ That the requested variance(s) is/are minor in nature.

Should the Committee **adjourn** this application the following condition(s) is required: None

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application as required by Ontario Regulation 200/96.

Conditions

It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency. This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

Please Note:

Relief granted from the City's Zoning By-law is determined to be the building envelope considered and approved by the Committee of Adjustment.

Development outside of the approved building envelope (subject to this application) must comply with the provisions of the City's Zoning By-law or additional variances may be required.

Elevation drawings are provided to reflect the style of roof to which building height has been applied (i.e. flat, mansard, gable etc.) as per By-law 1-88 and the Committee of Adjustment approval. Please note, that architectural design features (i.e. window placement), that do not impact the style of roof approved by the Committee, are not regulated by this decision.

Notice to the Applicant – Development Charges

That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

Development Planning Comments

Alectra (Formerly PowerStream) – No concerns or objections

Region of York – No concerns or objections

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer
From: Nancy Tuckett, Director of Development Planning
Date: November 18, 2021
Name of Owner: Leonardo and Dora Triolo
Location: 106 Fifefield Drive
File No.(s): A166/21

Proposed Variance(s):

1. To permit a minimum rear yard of 0.7 m to a private swimming pool.
2. To permit a maximum encroachment of 3.3 m for a covered, unenclosed deck.

By-Law Requirement(s):

1. A minimum rear yard setback of 1.5 m is required. [Subsection 4.1.1 i]
2. A maximum encroachment of 1.8 m is permitted for an uncovered, unenclosed deck. [Subsection 3.14 c)]

Official Plan:

City of Vaughan Official Plan ('VOP 2010'): "Low-Rise Residential"

Comments:

The Owner is requesting to maintain an existing covered, unenclosed deck and construct an in-ground swimming pool with the above noted variances.

The Development Planning Department has no objection to the variances given both the existing covered deck and proposed swimming pool are centrally located in the rear yard, and visually screened from the abutting homes by mature landscaping. The minimum rear yard distance of 0.7 m to the pool is measured at a pinch point, increasing in distance to 2.31 m. Increasing the encroachment of the covered deck by 1.5 m can be supported as it is unenclosed and is considered non-livable space and also complies with all other setbacks and height requirements in Zoning By-law 1-88.

The Urban Design Division of the Development Planning Department has reviewed the proposal and is generally satisfied after receiving confirmation from the Parks, Forestry and Horticulture Operation Department that the tree located in the neighbouring property should not be impacted by the excavation of the pool.

The Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following condition of approval is recommended:

None

COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
