Subject: [External] 4101 Rutherford Road Development

Hello

I am writing to you to request that council upholds their commitment and reject this development application of 7 stories and 139 units proposed for Velmar and Rutherford.

This community has shared on many instances reasons why this development should be rejected. There is a process here that needs to be respected and followed especially when council has asked for it. What this developer is doing is circumventing due process and putting their needs ahead of the community.

Nadia (Baldassarra) De Liberato
On behalf of A.Baldassarra
