I am writing in regard to your upcoming session on October 13, 2021 to determine whether or not to reject the developer of the above-noted address, Given the fact that this project adheres to no part of the VOP 2010, and the fact that a commitment was given to Vaughan residents to reject this 7 story monstrosity, I would like to confirm that rejecting this application is indeed what is intended. We do not need more traffic-jammed down our streets. Covid-19 gave us a brief respite from the onslaught of rush hour traffic on Santa Barbara Place. It has come to an end and to think that a developer can ignore all guidelines and try and force a community-altering building through, is adding insult to injury. I am committed to being part of the association that stands together to ensure that our community is not ruined by never-ending traffic and by a council that does not stick to the VOP. We abide by our bylaws; why would planning green light this building?
Thank you for your time and consideration. I look forward to following the vote.
