Subject: [External] RE: Reject 4101 Rutherford Rd Development

Good Morning councilors,

You are meeting today to discuss this development. I am asking that you uphold your commitment and reject this development application of 7 stories and 139 units.

The community has made it very clear that such projects do not belong to this area. We have other areas which better suit these type of projects and perhaps even higher developments. The area is already over congested and adding this will add further stain. Not only am I asking that you reject that plan, I am suggesting that the city master plan be once again amended and changed back to what it originally was.

This is the time we need you help to stand with us and show us that you truly represent the people who voted and believed that you would do the right thing when necessary. Well, this is the time to shine.

Thank you

Sandra Giorgi
