Councillors

I am writing this email to ask you to uphold your commitment and reject the development application for a 7 story, 139 unit condominium at 4101 Rutherford Road Woodbridge, Ontario.

Its startling that a builder is allowed to dictate to the city how they are going to proceed with the proposed development. This issue effects our community and the whole region in the future. If they succeed every small plaza in ever community in Vaughan will be allowed to build a condo.

Meeting with the city regarding this proposed development should allow the community to be present. Its sad again that the faith of our community is being decided without our involvement.

The city made a commitment to the community for OLT hearing to be held and due process followed. Instead have closed door sessions and builders that want to circumvent the system for there own greed.
